GO SLOW UNTIL THEY LEARN OF FINANCES

City Council Adjourn Questions Till They Get Report on Finances

NEW MARKET LIKELY TO GO OVER TILL NEXT YEAR

Alderman Asserts That Kleinworts Are Ready to Finance All City Work

The city council last night postponed the consideration of the bylaw affecting Kleinwort's agreement with the city, although C. F. Newell attended on behalf of the financial firm and asked that it should be disposed of at last night's meeting if possible, it already having been twice before the council. Pending the report of the special finance board, however, the matter was further adjourned, as also were other matters affecting the city finances. This course was followed in regard to the new market building and plans for power house extensions, despite the protest of Alderman Driscoll that these things were more necessary than "great white ways," and of Alderman East who pointed out that in the case of the power plant, it is merely a question of allowing the superintendent to go ahead with the preparation of his plans, because no money will have to be paid out this year, machinery orders having to be placed nearly twelve months in advance.

Reduce Money Bylaw.

Alterations to bylaw 510, which provides for the raising of money for the construction of concrete sidewalks and paving were given the necessary readings and passed. This bylaw provided for the raising of $2,510,478.45 and the council approved the reduction of the amount to $1,461,999.45. The amount for concrete sidewalks, amounting to $125,022.45 is not altered, the reduction taking place on the amount for paving which was reduced from $2,385,456 to $1,336,977. The alteration of the bylaw is to bring it into agreement with the amount of debentures for these purposes in the sales to Kleinwort's.

Delay Action.

No action was taken, pending the report from the special finance board, on the report from the city commissioners re the protection of the power plant from flooding and the ordering of new machinery. Regarding the possibility of flooding the commissioners stated that it would take a very serious flood indeed to affect the operation of the power plant; that the pumping plant could be efficiently protected by the erection of a concrete wall, at a comparatively small expense around the building, and that the filters were not likely to be affected unless by a very serious flood.

Extension Necessary.

Regarding the proposed extensions at the plant which the commissioners stated would reduce the cost of power they now stated that R. A. Ross, consulting engineer of Montreal, had recommended a similar extension for Calgary practically along the same lines. He pointed out that the machinery should be ordered 12 months ahead and, seeing that no money would have to be found this year, he stated that it was of the utmost importance that autho[illegible]tion be given the commissioners to proceed with the securing of nece[illegible]y data for the proposed extension, [illegible] with the normal development of the city the present plant will be taxed to its utmost capacity by the end of 1914.

Crying Need.

"There is a crying demand for power," said Alderman East, "and we will not be able to meet the demand next year unless we tackle this now." He moved that the commissioners' report be adopted and that the superintendent be instructed to proceed with plans of the future extensions. Ald. Driscoll seconded the motion, but later withdrew in favor of the amendment of Ald. Tipton, seconded by Ald. Livingstone, that the report be laid on the table pending the report from the finance board, which was carried.

The market committee reported that they approved the plans of the market building and stables and recommended that the council empower the commissioners to see to the production of detailed plans and specifications, but that no further action be taken pending the report of the special finance committee.

Must Sit Tight.

"People are saying that the market committee is delaying this thing for some purpose of their own, and that they want the market built in a different place," said Ald. Driscoll, which roused Ald. Calder to make a strong objection to Ald. Driscoll repeating such gossip in the council.

"There is only one thing the city can do," said Ald. Livingstone, "and that is to sit tight until the negotiations between Kleinworts and the

JURY UNABLE TO FIND CAUSE OF C. P. R. WRECK

Might Have Been Defect in Train, in Road Bed or "Sun Kink." Kink.

By Bulletin Leased Wire.

Ottawa, July 15.—The jury inquiring into the death of one of the victims in the C. P. R. wreck near this city June 25 last, in which eight were killed, returned a verdict tonight, the principal clause of which, after reciting the fact that John Peace, one of the passengers, met his death in the wreck, is "the cause of the said wreck being unknown to this jury."

Three sessions of the inquest were held but little light was thrown on the matter. Crown Attorney Ritchie, in charge of the jury, pointed out that the wreck might have been due to three causes, a defect in the train, in the road bed or a "sun kink."

MACKAY HOLDS BIG MEETING AT ATHABASCA

Liberal Candidate and Other Liberals Take Part—Need of Roads Emphasized

Athabasca, July 15.—A crowded meeting in the interests of the candidature of Hon. A. G. MacKay was hedl in the largest hall in the town of Athabasca on Monday night. Mr. A. C. MacKay presided as chairman. The meeting was addressed by J. L. Cote, M.P.P. for Grouard, Hon. Frank C. Oliver, M.P., for Edmonton, Wilfrid Gariepy, M.P.P., for Beaver River; Hon. C. R. Mitchell, minister of public works, and by the candidate Hon. A. G. MacKay.

The meeting closed with cheers for Mr. MacKay and the Sifton government. The band was present and enlivened the proceedings with excellent music.

Mr. MacKay Replies to A. F. Ewing.

In the course of his remarks, Mr. MacKay dealt with the criticism of the financial position of the Alberta

(Continued on Page Two)

Site for Summer Residences In Jasper Park

Lots Will be Sold to Public in Jasper Park on Long Lease

Col. E. Maynard Rogers, Dominion Parks Commissioner for Alberta, announces that lots will be leased to the public for holiday camps and sites for summer cottages amid the beauty spots in Jasper National Park on exceptionally low terms. No property in the park can ever be bought outright, but the Dominion Government will sell renewal leases good for a period of 42 years at the price of $8 for a fifty foot lot and $15 for double lots, 100x100.

A number of American visitors have already made arrangements for a summer camp at Pyramid Lake, one of the finest spots in the whole range. A large number of applications have been received for sites at Pyramid Lake and other scenic points within easy access from the stations on the Grand Trunk Pacific. Permission has already been granted to railway employees working on the Grand Trunk Railway to build houses close to the line and many houses will go up this summer.

GREECE WANTS SETTLEMENT ON BATTLEFIELD

Report That Bulgarian Premier Has Joined Greek and Servian Premiers

REPORT HOWEVER IS NOT CONFIRMED

Unconfirmed Reports Come of the Massacre of Armenian Population at Rodosto

By Bulletin Leased Wire.

London, July 15.—Reports through Berlin and Vienna say that the Bulgarian premier, Dr. Daneff, has joined the meeting of the Servian and Greek premiers at Nish for the purpose of discussing the conditions of peace. This important news has not been confirmed.

Official despatches from Athens confirm the announcement from Saloniki yesterday that Greece is prepared to sign an armistice on condition that the frontier question, the payment of indemnity by Bulgaria and guarantees for the welfare of the Greeks under Bulgarian rule shall be settled on the battlefield.

Fighting continues. The Greek forces have occupied the town of Drama, and according to Athens advices, the Bulgarians have abandoned the Kresna Passes and are retreating toward Dubnitza, chased by the Servians and Greeks.

Unconfirmed reports have reached the Armenian patriarchate at Constantinople of a massacre of the Armenian population at Rodosto, on the Sea of Marmora. Turkish forces under Enver Bey are supposed to have occupied Rodosto yesterday.

New Ships for Turkey.

Rome, July 15.—Reports have been in circulation that the Italian government was about to turn over to Turkey several battleships in exchange for full possession of the Aegean Islands, which were provisionally occupied by Italy during the Libyan war.

So far as can be learned the Triple Alliance is now in perfect accord on the suggestion of Italy that the islands be returned to Turkey in accordance with the provisions of the treaty of Lausanne. Germany at one time leaned toward their transference to Greece. Recent Balkan developments, it is said, have influenced some of the powers unfavorable toward Greece.

Roumania to Send Army.

Vienna, July 15.—It is reported that Roumania is about to send an army of 120,000 into Bulgaria. The Bulgarian northern army, the reports adds is retreating to Sofia.

DIOCESE OF CALGARY WILL BE DIVIDED.

By Bulletin Leased Wire.

Calgary, July 15.—That the diocese of Calgary of the Anglican church which comprises all of Alberta, except Athabasca, will be divided and a new See set apart with Edmonton as its headquarters developed today at the meeting of the synod. About 100 delegates were present, when the synod was called to order this morning.

World News in Brief Form

(By Bulletin Leased Wire.)

CANADIAN.

Want U. S. Sec'y of Navy.

Victoria, July 15.—An effort is being made to procure Hon. Josephus Daniels for the reception to H.M.S. New Zealand on July 27. The American secretary of navy is to be in Seattle on official business at the end of this week.

McBride for England.

Victoria, July 15.—Premier Sir Richard McBride will go to London next month. His visit to the old country will relate chiefly to financial matters.

Suicide Believed.

MacLeod, Alta., July 15.—No trace has been discovered of H. Thompson, who mysteriously disappeared last week, and is believed to have committed suicide by poisoning himself in the woods.

Killed in Runaway.

High Bluff, Man., July 15.—Joe Poppick, an employee at Hicks' livery barn, was almost instantly killed while returning from Portage La Prairie to High Bluff this evening. His team took fright and knocked him down, the wheels passing over his skull.

Retired Jurist Dead.

Ottawa, July 15.—Hon. Hugh Richardson, retired jurist, died here today, aged 87 years. He was born in London, Eng., in 1838.

Was Electrocuted.

Toronto, July 15.—Austin O'Brien, employed by the Bell Telephone company as a lineman, was instantly electrocuted tonight on a telephone pole.

BRITISH.

Protest Tariff Bill.

London, July 15.—The Blackburn chamber of commerce is urging the government to protest to Washington against the tariff bill. The proposal to prohibit the importation of goods manufactured by children under 14 years old, the chamber contends, would exclude all Lancashire textiles.

Unionist Returned.

London, July 15.—Sir Alexander Henderson, unionist, has been returned unopposed for the Hanover Square division of St. Georges to succeed the late Hon. Alfred Lyttleton.

UNITED STATES.

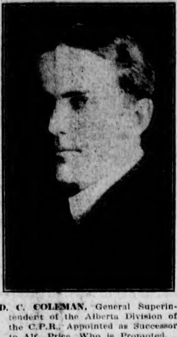
Railway Co. Blamed.

Los Angeles, Calif., July 15.—Blame for the Pacific Electric railway wreck last Sunday night, when 14 persons were killed and 15 injured in a collision of trains running from Los Angeles to the Ocean was declared by a coroners jury to rest with the railroad company.

Cloud Burst At Minneapolis.

Minneapolis, July 15.—A rainstorm that assumed the proportions of a cloudburst swept over Minneapolis late today, flooding basements and doing heavy damage.

Successor To A. Price



D. C. COLEMAN, General Superintendent of the Alberta Division of the C.P.R., Appointed as Successor to Alf. Price, Who is Promoted.

CITIZEN ROBBED AND SANDBAGGED

Wm. Fawcett Says He Was Assailed and $50 and Two Watches Taken

William Fawcett, an old timer of Edmonton, complained to the police that he had been sandbagged and robbed by two negroes early this morning on Peace avenue, between First and Second streets. When he appeared at the police station he was very badly battered up, one eye being bruised, his head gashed, together with minor injuries, and an automobile had to be requisitioned to take him home.

According to his story, he was proceeding home when he was assailed by the two negroes, one of whom produced a piece of what he took to be a rubber hose with which he was hit in the face, completely stunning him. After he had fallen on the ground, one negro stuffed something in his mouth while the other searched his pockets and robbed him of some fifty dollars and two watches. They then beat a hasty retreat.

He stated that he lay for some time on the ground, and then wended his way to the Norwood bakery, where his story was telephoned to the police and he was brought to the station.

Detectives investigated the matter afterwards, but have not yet located the assailants.

GRATUITIES TO POLICEMEN MAY BE ABOLISHED

Intimation by Chief Carpenter Indicates New Regulation—May Cause Heart Burning

Some of the members of the city police force are up in arms over a new regulation which is at the present time being considered by Chief Carpenter, and which, if carried into effect, will mean a big monetary loss to certain of the blue-coated and plain clothes men.

Hitherto it has been the custom for the officers to receive certain payments for serving summonses, executing warrants, and such like, and in the case of raids they have received, not only certain fees, but also half the fine—provided a fine was imposed—which in some instances amounted to a considerable sum.

Chief Carpenter now proposes to abolish these perquisites, so far as the individual officers are concerned, and to turn them over to the funds of the Police Pension and Benefit Society. Asked about the matter by a Bulletin reporter last night, he said that no order of the kind had yet been issued, but he was considering something of the kind, and it was likely that a decision would be arrived at in the very near future.

Payments Not Illegal.

These payments to police officials are not illegal. They are authorized by the criminal code. But they have been abolished in other large cities, such as Toronto, for example, where the police officials receive only their salaries, and are allowed to accept no gratuities whatever, unless by express permission of the chief constable. It is contended that such payments were intended primarily for officers in country districts whose only remuneration are the fees which they are able to collect in the various cases with which they are identified, and

(Continued on Page Two)

STORMY TIME AT BANQUET IN HALIFAX

Military Officers Became Intoxicated and Insulted General Hamilton and Others

OFFENDERS MAY BE DISMISSED FROM SERVICE

Col. Hughes Was Frank in Expressing His Opinion of the Incident

By Bulletin Leased Wire.

Ottawa, July 15.—"If any officers of the permanent force or militia wish to resign because of my remarks at Halifax, they are welcome to do so," declared Col. Sam Hughes this morning when his attention was called to a report from Halifax that some officers contemplated resigning from the force unless the minister of militia apologized.

"I have nothing to apologize for, I said nothing which could offend any man who behaved himself or any man of the permanent force or militia of Canada who conducts himself as a soldier should."

It is stated by men who were present at the dinner that the conduct of some officers of the permanent force and of the militia who were guests warranted Col. Hughes in making the remarks he did.

There were one hundred and twenty-five guests and only a half dozen were guilty of a breach of good taste.

Gave Orders For No Liquor.

Col. Hughes gave orders to the hotel management that no liquor was to be served and none was to be brought into the room on the private orders of any guest. It was to be a temperance function. In spite of this the strategy of some of the officers enabled them to get around the order. Waiters were subsidized to substitute whiskey for ginger beer and, at one or two tables, there was a sound of revelry by night. Finally the attempts at concealment passed and both whiskey and champagne were served openly.

When General Sir Ian Hamilton started to speak the interruptions are said to have been most disconcerting and their character thoroughly alcoholic. The interruptions reached such a stage that General Hamilton felt compelled to cut his remarks short and finally sat down with his speech only half delivered.

Dr. McKay, superintendent of education for Nova Scotia, who has done a great deal to promote the cadet movement, was interrupted time after time but hung to his task and finished his speech.

Col. Hughes Was Frank.

Col. Hughes told his guests that there was no place in the Canada militia or permanent force for men who were wastrels or barroom loafers. He said further that in the matter of promotion and discipline he would make no distinction between the permanent force and the militia and that those who could not behave themselves as "gentlemen and soldiers had better get out while the going was good."

He also made clear his view that the permanent force was constituted for the instruction of the militia and was in no sense a standing army. Finally he stated that Dr. McKay, through his work on the cadet movement had done fore for the militia of Canada than any member of the permanent force.

Col. Hughes prevented further interruptions by closing the dinner at the conclusion of his speech.

Some of the officers, it is understood, will be saved the trouble of sending in resignations as their cases are being officially dealt with.

LEAVES $500,000 TO KING ALFONSO

Former Mayor Sapene of Town Near Toulon, Is Ardent Loyalist and Shows His Loyalty to Spanish Monarch.

By Bulletin Leased Wire.

St. Caudens, France, July 15.—King Alfonso, of Spain, will soon be able to enjoy a windfall of $500,000 bequeathed to him by Albert Sapene, formerly mayor of a small town near Toulon, who died in an asylum some time ago.

The civil court today pronounced judgment upholding the testator's will, which his sister and other next-of-kin had sought to have set aside on the plea that he was insane when he made it.

The court held that while Sapene suffered from the mania of persecution, he showed that he was fully able to conduct his business and had a valid reason in an old family quarrel for disinheriting his sister.

It was because he was an ardent royalist that the testator chose King Alfonso as a beneficiary.

MARINERS WILL BE WARNED BY WIRELESS

Departments At Washington Will Send Forecasts to Ships Off Atlantic Coast.

By Bulletin Leased Wire.

Washington, July 15.—Wireless storm warnings and general weather forecasts for ships at sea, covering conditions hundred of miles off shore along the Atlantic coast, is the latest inovation of the agricultural and navy departments. The plan was inaugurated tonight and hereafter every night a few minutes after 1 o'clock, bulletins will be sent broadcast from the great naval wireless stations at Radio, Virginia, and Key West, Florida.

The messages will reach mariners hundreds of miles at sea telling of the conditions existing along the coast.

HIGH LIVING COST HAS CEASED TO TREND UPWARD

People Pay 37 Per Cent. More For Living Now Than 10 Years Ago

By Bulletin Leased Wire.

Ottawa, July 15.—The high cost of living has ceased to trend upward. On the other hand it shows no signs at present of sagging downward. The upward tendency which has been pronounced since June, 1911, apparently reached its climax six months ago, for during the first half of the present year the high point reached was neither advanced or reached. During six months the new high point reached in the latter part of 1912 has simply been maintained.

In the department of labor the index number employed to indicate the fluctuations of the cost of living has remained between 136 and 137. This means that people pay 37 per cent. more for living now than they did ten years ago.

The department does not at the present anticipate any decrease in the high cost of living. The present stringency in the money market may, it is believed, do something to reduce prices. The industrial boom has quieted, many factories are cutting down their staffs, while building is not as brisk as formerly. In addition hard times have cut down luxuries. However, it is believed that there will be little change in the present record for some time at least.

Clara Street Residents Are Up In Arms

Appoint Committee of Five to Wait on Commissioners Regarding Paving

At the meeting of the property owners of Clara street held in the Collier hotel last night to discuss the matter of paving and sidewalking, some very heated discussions took place.

A committee of five, viz., Messrs. Collier, Anderson, Stanton, Wakeford, and Storey were appointed to wait upon the commissioners today to secure definite information as to when, and in what manner the street is to be paved, what it will cost and what the terms of payments will be.

Alderman Livingstone came in for some very strong criticism on account of the stand taken by him in the matter. Speakers stated that he held on account of his business being located on Clara street it would appear that he would be using his official influence for personal interests if he pressed for this work being hurried along and that therefore he could not see his way clear to laying himself liable to public censure in order to benefit his constituency.

Another meeting will be held Saturday night at the same place to hear the report of the committee and it is probable that some very lively discussions will be heard in the event of their finding that the work cannot be done this year.

DEFEAT HOME RULE BILL AGAIN

House of Lords Turned It Down On Second Reading 64 to 302.

By Bulletin Leased Wire.

London, July 15.—A motion for the second reading of the home rule for Ireland bill was defeated in the house of lords this evening by a majority of 238. The vote was 302 to 64.

The motion of Lord Lansdowne, the leader of the upper house, which declared "that this house declines to proceed with the consideration of the bill until it had been submitted to the judgment of the country" was adopted without a division.

Went 3 Miles After Arm Blown Off.

Fort William, Ont. July 15.—After having his arm destroyed by a premature blast of dynamite, J. C. Marhan walked a mile along a trail and then paddled two miles across Pass Lake to Roberts Brothers construction camp on the C. N. R., 26 miles east of here. He had gone out alone to blast some amethyst from the rock.

CALLS GOVT. BY COMMISSION YANKEE FAD

This is Way Controller Church of Toronto Speaks at Municipal Convention

MAYOR SHORT READS FIRST PAPER AT MEETING

Saskatoon Welcomes Delegates and Gives Them Trip Around City

By Bulletin Leased Wire.

Saskatoon, July 15.—At this afternoon's session of the Canadian Municipal cities convention, Lieut.-Governor Brown called attention to the great work which the union had undertaken and the immense possibilities that lay before such an organization. "We feel in the west," he said, "that we have a clean sheet upon which to write but on the other hand we are inexperienced and are confronted by great problems." He pointed out that all parts of the Dominion were interdependent. There could be no money stringency in any one portion of the country and not in another, and hence a convention of this nature must result in a most beneficial interchange of ideas and sympathies.

Controller T. L. Church, of Toronto, has given notice of a motion to the effect that the union do all in its power to discourage lobbying. He claimed that the experience of municipalities was that they did not get sufficient attention when they had occasion to go to their respective legislatures or to the federal parliament. "I wish we had a Woodrow Wilson in this country," he said.

Another notice of a resolution was given urging that the cities be given the representation in the different legislatures and the federal parliament which their populations warranted.

Paper by Mayor Short.

"Civic Development," was the subject of the first paper presented and read by Mayor Short of Edmonton. In the absence of Mayor Hocken of Toronto, Controller Church read the former's paper on "The Increasing Complexity of Municipal Governments." As Mayor Gray of New Westminster was unable to be present Secretary Lighthall read his paper on "The Report of the Royal Commission of British Columbia on Municipal Government." The report favored the board of control idea as compared with the commission form of government.

There were many different opinions in Ottawa regarding the most feasible system of civic government, declared Controller Hinchey of that city, but in his opinion there was plenty of room for these differences. He believed the alderman-board of control system was working satisfactorily in most places, and if any change was made it should be made by the people.

Calls it Yankee Fad.

Controller Church of Toronto declared that commission government was nothing but a Yankee fad. It had failed in the States and they were to-

(Continued from Page One.)

day, returning to the old British system.

The financial statement showed receipts of $583,247, with an expenditure of $509,505, leaving a balance of $73,742.

The honorary secretary-treasurer in his annual report reviewed the work of the year and showed that many civic reforms had been brought about by the efforts of the union.

The Morning Session.

Saskatoon, July 15.—Mayors and aldermen, with their city engineers, city clerks and other civic officials registered at the convention hall for the Union of Canadian Municipalities' convention, which opens today. Most of them came prepared to take an earnest part in the proceedings and have brought the practical men with them to benefit by information they will receive. Probably no greater compliment can be paid the convention than to have these men bring their employees to hear the discussions on various subjects of civic interest.

Men From a Distance.

This morning there are men from as far east as Halifax in the city, and to Mayor Blyth goes the honor of coming the greatest distance. He brought his city engineer with him to get a few pointers. Montreal has sent a large delegation of aldermen and controllers with Mayor Lavallee, and Toronto has Controller Church, and although Mayor Hocken has not registered yet he is billed to address the convention. The majority of the delegates who registered this morning are from the east. They got into the city early and some of them last night. They have nothing but the highest praise to give for the way they were treated all along the line.

Seeing the City.

So far they have not seen very much of the city, as they had to go to the hall to register and to be introduced, but after the short morning obligations they started out in all directions to see the city. The mayor's car took Controller Hinchey and a number of others to the filtration plant, where City Engineer Clark showed them through. Controller Hinchey was particularly interested, as Ottawa Sunday school mate of Mayor Harris has had a lot of difficulty getting pure water. Controller Hinchey was a son in Ottawa, some years ago, just how many neither would say.

The whole city council and city commissioners were present at the convention hall, Twentieth street, this morning to receive the visitors. Badges were pinned on each delegate and all the delegates were introduced to the mayor, aldermen and commissioners.

To Ride on Street Cars.

Alderman Anderson is chairman of the entertainment committee and he has provided a good program of entertainment. The delegates wearing the badges will be given the privileges of the street railway while in the city, and an auto drive will be given right after lunch tomorrow.

A luncheon will be given the visitors in the basement of the new Methodist Church, Third avenue and Twenty-fourth street, prepared by the ladies of the church. Other entertainments will consist of a theatre party at the Empire Theatre tonight, when "Fine Feathers" will be presented. Inspection of all the public buildings will be made and an excursion to the filtration plant arranged.

The following members of the Union of Canadian Municipalities' convention have already registered: J. M. Bayne, deputy minister of municipal affairs, province of Saskatchewan; John Perris, deputy minister of municipal affairs, province of Alberta; Harry Bragg, editor Canadian Municipal Journal; W. D. Lighthall, Westmount, secretary-treasurer U.C.M.; Mayor L. A. Lavallee, Montreal; Alderman La Pointe, Montreal; Mayor C. M. R. Graham, London; Controller E. H. Hinchey, Ottawa; Mayor J. A. Oliver, Port Arthur; Reeve Robert Forke, Pipestone, Man.; Mayor John T. Rathwell, Lachine, Que.; Mayor F. N. Pebert, Sherbrooke, Que.; City Engineer Geo. D. MacKie, Swift Current, Sask.; Mayor J. E. Argue, Swift Current, Sask.; Waterworks Engineer Thomas Moran, Carleton Place; City Clerk A. W. Pool, Regina; Alderman David T. Kyle, Longueill, Que.; Controller T. L. Church, Toronto; City Auditor S. Hutchins, Regina; Superintendent H. Doughty, Regina Electric Railway; Controller L. N. Dupuris, Montreal; Ald. Leslie H. Boyd, K.C., Montreal; Mayor Wilfrid Bassette, Outremont, Que.; Mayor Blyth, Halifax, N.S.; Alderman (Dr.) J. C. Poissant, Montreal; Alderman V. Ernest Fontenac, Montreal.

Labor Trouble Settled.

Ottawa, July 15.—The labor department has been advised of the adjustment of the trouble at the Acadia colliery at Stellarton, N.S. Fifteen hundred men were involved. They got a better wage and other concessions. J. C. Walters, of Ottawa, represented the men.

SIR WILFRID ILL WITH BRONCHITIS

By Bulletin Leased Wire.

Ottawa, July 15.—Sir Wilfrid Laurier is confined to his room with an attack of bronchitis, although his condition is not regarded as serious. Dr. Chevrier is attending.

GO SLOW UNTIL THEY LEARN OF FINANCES

(Continued from Page One.)

city are carried through. At the present time there is not a man in the Dominion of Canada who can tell what position the city of Edmonton is in regarding its civic finances. We may have to wait a month for that report, it all depends on circumstances." He added that Messrs [illegible] had stated that the debentures could have been sold a month ago, but conditions had changed since then.

Ald. Driscoll maintained that it was current report and had not been denied that the people who were buying the city's debentures would come through with sufficient money for the city to carry out all its necessary work and he maintained that the market was more necessary than a "great White way" on a street railway out to Forty-second street.

Would Bar Middlemen.

The city commissioners recommended that the nine market stalls recently erected on the market ground near the corner of McDougall and Rice be moved to the east side of Market Square and fronted on Queen Avenue. Ostensibly the reason was because of the insanitary condition of the public lavatory near by, but Ald. Livingstone thought that this should be done because the ground taken up by the stalls was the best part of the market ground and should be reserved for the farmers. He said the owners of the stalls were middlemen who had come along after the farmers had built up the trade and ousted them from their positions. He would clear them off altogether.

The commissioners were instructed to take the matter up with the market superintendent with power to act.

Isolation Hospital.

A. M. Jeffers, the city architect, is ready with plans and specifications for the new isolation hospital, so far as the general construction is concerned. The new hospital board had been delaying action in the matter being under the impression that a special authorization from the council was necessary before they could take over this work. It was pointed out that a resolution of the council is already on the minutes asking the hospital board to take over the work in connection with the isolation hospital from July 1st. This will be brought to the attention of the hospital board.

MACKAY HOLDS BIG MEETING AT ATHABASCA

(Continued from Page One.)

government made in a recent speech at Athabasca by A. F. Ewing, M.P.P., for Edmonton. Mr. Ewing had taken the position that because the province owed fourteen millions its finances were in bad shape. Mr. MacKay said that after looking into the needs of new settlers in the district of Athabasca as he had done his criticism of the policy of the provincial government was that the debt was not large enough. Roads must be provided if the settler was to prosper, and the settler must prosper before the town could prosper. Expenditure out of revenue alone would never catch up with the needs of the country.

Must Be Capital Expenditure.

There must be capital expenditure if the needs of the settler were to be reasonably and moderately met, and capital expenditure meant addition to the debt. It was not possible to spend money on the roads and use the same money to decrease the debt. He did not stand for extravagant or careless expenditures or expenditure without dire regard to the assets of the province, but he insisted that the settlers should not be required to do without roads because money had to be borrowed in order to build them. Mr. Ewing had spoken on behalf of his (Mr. MacKay's) opponent (Mr. Woods). It must be assumed that Mr. Ewing voiced the policy of the provincial party which was anxious to elect Mr. Woods. The issue between Mr. Woods and himself so far as roads was concerned was that he (Mr. MacKay) was for proper and necessary road expenditure even though it involved an increase in the provincial indebtedness, while Mr. Woods must accept the position of his party laid down by Mr. Ewing, namely, reduction of debt rather than construction of roads.

GRATUITIES TO POLICE MAY BE ABOLISHED

(Continued from Page One.)

that they should not apply to salaried officers of a city police force.

The objections which are urged against the system of prequisites are: They are unfair to those officers who are detailed for duty which does not permit them to obtain such gratuities. They tend towards an inclination on the part of the plain clothes men to do only that class of work which permits of the collection of such fees, to the exclusion of criminal work on which they might more properly be engaged. They are subversive of discipline, inasmuch as officers who do not receive such payments become discontented and [illegible]

Have Made Large Addition.

It is well known [illegible] officers of the Edmonton police force have made large additions to their salaries by means of these fees, in some cases their gratuity cheques amounting to more each month than their pay cheques. Opinions differ, however, as to whether the payments should be abolished. One police officer, who did not wish his name to be quoted in connection with the matter, said if Chief Carpenter made an order turning the fees over to the benefit fund, it would be one of the best thing that he has yet done. Other officers, however, strongly criticize the proposal, and there may be some lively times when it comes to a head.

The first inkling of the proposed change, it is said, came when one of the men applied to Captain Simpson for fees, amounting to ten dollars. The captain said he could not pay them, and referred the applicant to the chief, who stated, it is averred, that he did not think any more payments of the kind would be made. The fat was then in the fire, and there have been wars and rumors of war ever since.

It is thought in some quarters that Chief Carpenter will lay the proposal before the men before very long, and allow them to express their opinions upon it.

NEITHER ASHORE NOR AFLOAT—How blue-jackets land guns at the military tournament. The operation of landing field guns from the ship to the shore is shown. Guns and men are conveyed on a wire rope in a manner similar to the life-saving methods in use.

MEN ON STRIKE ON BIG TRUNK SEWER

Hoist Runners Pull Out Fuse and Leave Tunnel in Darkness—Trouble Was Feared and Police Sent For but Everything Was Peaceful.

Eight hoist runners employed by the Henry C. Hulen company, the Chicago firm who are constructing the big trunk sewer across the Hudson's Bay reserve, went on strike yesterday afternoon, and for a time it was thought there would be some serious trouble. One of the strikers, it is alleged, pulled a fuse and threw three thousand feet of tunnelling, where a large number of men were at work, in darkness, causing quite a panic amongst the men who were digging away fifty feet underground. Eventually, however, the fuse was replaced, and work was resumed, but the strikers, it is said, then picketed the job, and only went away when word was sent round that the police had been sent for.

According to the foreman in charge of the work, the cause of the trouble was the fact that the wages of the hoist runners had been decreased from forty cents to thirty-five cents an hour, while their hours had been increased from eight to ten per day. As soon as the fact was communicated to them yesterday, the men quit work, and the action of one of them in pulling the fuse caused a temporary cessation of work, but the company secured other men to take the places of the strikers, so that the interruption was not of very long duration.

Laid Fifty Feet Under Earth.

The sewer is being laid in some places fifty feet underground. Big shafts have been constructed at intervals of three thousand feet, and the tunnelling between two shafts is carried on from either end. There are fifteen shafts in all. The pulling of the fuse yesterday might have had serious consequences, as one of the shafts was only partially constructed, and a cave-in at that time would have meant death to those who were laboring in the tunnel below.

The trouble after the strike was reported to the police station by Mounted Constable Bible, who was making a tour of the vicinity, and Detective Schreyer and Constable Gould went out to investigate.

Pickets Disappear.

At that time the pickets had disappeared, and it was not thought likely that they would return last night. The officers, accompanied by a Bulletin reporter, went down one of the big shafts, and watched with interest the tunnelling operations fifty feet below the surface. The journey was not a very inviting one, owing to the miry clay and the water which kept oozing from the sides, and the visitors were glad to get to the surface once more.

New Senator for New Brunswick.

Ottawa, July 15.—The Free Press predicts that W. H. Thorne, a prominent New Brunswick Conservative friend of Hon. Mr. Hazen and now in the west with him, will likely be a senator from New Brunswick to succeed the late Senator Ellis. The appointment may be delayed.

WANT CANADIAN FARMERS TO SETTLE IN SIBERIA

This Will Be Encouraged By Steamship Company Which Is Establishing Line Between Vladivostock, Victoria, Vancouver, Tacoma and Seattle.

By Bulletin Leased Wire.

Vancouver, July 15.—Early next next month the Russian volunteer fleet will inaugurate a service between Vladivostock, Victoria, Vancouver, Tacoma and Seattle. Outwards the shipments will consist mainly of Soya beans and other Siberian and Manchurian products, while homewards agricultural implements and general manufacturing will be carried.

Russian immigrants to Canada and United States are to be conveyed at low rates, including specially reduced fares from Europe over the trans-Siberian railway. The settlement of Canadian or American farmers and manufactures in Siberia will be encouraged. The vessels which will operate on the new run are the St. Petersburg, the Saratoff and the Kherson.

These ships were conspicuous during the Russo-Japanese war. They were made into auxiliary cruisers and mounted with batteries of quick-firing and small calibre guns, playing havoc with Japanese merchantmen, capturing many of them and making it unpleasant for light Japanese cruisers.

MAGISTRATE IS SEVERE.

Refers to Prisoner Before Him as Dirty Skunk.

Hamilton, Ont., July 15.—"McGinnis, you are one of the worst types of manhood I have met in my twenty-one years of experience on the bench. You are a dirty skunk, a villain of the worst type."

So said a magistrate today, after convicting Archibald McGinnis of fraud and forgery. McGinnis met Elizabeth Quinn two years ago. She out of her paltry earnings gave him $90 to buy furniture and also some money. He left. She became suspicious and had him arrested.

LARGE

AUCTION SALE

REED & ROBINSON'S Auction Rooms,
802 Jasper Avenue East,

Thursday, July 17th

At 2 P.M. Prompt.

Phone 2150. 802 Jasper Ave. East.

EASTERN RAILROAD SITUATION CLEARED

Railway Trainmen and Representatives of Managers Get Together in New York to Arbitrate Wage Dispute—Erie Road Still Out.

New York, N.Y., July 15.—Presidents Lee and Garretson, of the Brotherhood of Railway Trainmen and the Order of Railway Conductors, respectively, returned to New York from Washington today to meet with the so-called committee of the eastern railroads, reached yesterday, whereby the wage dispute is to be arbitrated under the Newlands bill. The committee will remain in session until the arbitration is concluded. An announcement from the railroad managers is expected today. The situation seems to be cleared up as regards all roads except the Erie. That road recently withdrew from the conference committee on the ground that it could not afford to meet any wage increase, no matter how arbitrated. When the railroads agreed yesterday to proceed under the Newlands' law the Erie said its position was unchanged.

NEW DIOCESE OF EDMONTON.

It is expected that amongst the questions to be discussed at the diocesan synod of the Anglican Church now being held at Calgary, the proposed division into two of the existing dioceses of Calgary will probably arise. For some time past it has been felt that the present diocese is too large, and that, in view of the increasing amount of church work in the northern portion, a new diocese should be established with Edmonton as its central point.

At present the matter is not set down definitely as part of the business of the synod. No notice of motion has been given in respect of it, but it is generally anticipated that definite reference to the proposed establishment of the new diocese of Edmonton will be made in the course of the annual address to be delivered by the bishop of Calgary, and that following upon his remarks some definite action will be taken.

It is probable that when the division comes to be made it will be by an east and west line running between the districts of Ponoka and Wetaskiwin. In the event of any such division as is suggested being made in the near future, the new diocese will most likely remain under the jurisdiction of the present bishop until such financial arrangements have been made as will enable it to support its own bishop.

Died on Way to Rochester.

Minnedosa, Man., July 15—Thomas Grasby, of Asquith, Sask., while visiting friends here on his way to Rochester for treatment, died suddenly in bed yesterday morning.

MAX CHARTERS—The Toronto University student who was drowned with four others yesterday at Erie Beach.

SEISMOGRAPH RECORDS AN EARTHQUAKE A DAY

Instrument at Victoria Is Agitated by Shocks in Different Parts of the World—One Caused Pendulum to Swing Quarter of an Inch.

Victoria, July 15.—Seven earthquakes have been recorded on the Victoria seismograph in seven days. They occurred as follows:

Sunday, July 6th, at 9 a.m.; distance of origin 1,500 to 2,000 miles, probably Autania Islands.

Monday, July 7th, at 10 a.m.—A world-recorded earthquake was registered, causing the pendulum here to swing nearly a quarter of an inch. It was probably in Asia Minor in the vicinity of southern Italy.

Tuesday, July 8th, at 10:39 a.m.—A record indicating an origin within 500 miles of Victoria and probably under the sea off the northwest part of Vancouver Island.

Wednesday, July 9th, at 2:52 p.m.—Origin from 2,000 to 2,500 miles distant.

Wednesday, July 9th, at 4:02 p.m.—Origin about 900 miles distant, probably under the ocean.

Saturday, July 12th, at 3 a.m.—A faint record was obtained of a shock at a long distance.

Fined for Calling "Scab."

Moose Jaw, July 15—For calling "scab" and using other offensive language, John Mort, a striking baker, was this morning fined $50 and costs or two months in jail, by Magistrate Dunn. This is one of the aftermaths of the recent bakers' strike here.

STEFANSSON PROCEEDS TO HERSCHEL ISLAND

This Will be Explorer's First Stop of Importance—One Branch of Party Will Study the Natives—King's Island in Behring Strait.

Nome, Alaska, July 15—The exploring steamer Karluk under command of Robert A. Bartlett, captain, sailed yesterday from Nome for Port Clarence, where minor repairs to her steering gear will be made, and her boilers cleaned and inspected. Vilhjalmar Stefansson, commander of the expedition; Bert M. McConnell, meteorologist; James Murray, oceanographer, George Williams, official photographer, remained at Nome, and will join the Karluk at Port Clarence Wednesday. The actual departure of the expedition will be from Port Clarence, probably next Thursday.

The Karluk will sail for Port Herschel where a large quantity of freight for the southern expedition will be landed and Dr. M. Anderson, commander of the Alaskan, may overtake them. Four members of the southern or Alaskan expedition will accompany Stefansson to Herschel Island. They are Henri Breuchatt and Diamond Jennes, anthropologists; W. T. McKinley, magnetician, and George Wilkins, photographer. Breuchatt and Jennes wil study the natives of King's Island in Behring Strait, while the Karluk is anchored at Port Clarence.

NOTORIOUS WOMAN IS SENTENCED ONLY TO THREE MONTHS

Suffragettes Point Out Injustice of Sentences Imposed on Them and on White Slavers.

London, July 15.—Because a woman, known as "Queenie" Gerald, who pleaded guilty to violating the white slave law, was sentenced to only three months, while suffragettes are thrown into prison for long terms for breaking windows and throwing acid into pillar boxes, intense indignation has again been manifested by suffragette supporters.

One of many letters to the newspapers this morning said:

"The deputy chairman of the London sessions offered the suffragists and their friends the deepest insult possible by sentencing this notorious member of Mrs. Warren's profession to a short term for trafficking in human flesh and blood, while Mrs. Pankhurst and a few other noble women are being done to death for merely trying to get in a position to force laws which would put an end to just such a vile trade as the Gerald woman practised in a Piccadilly flat."

Making a Flat World Round

When Columbus set out to reach India by sailing westward, he met with opposition and ridicule.

He believed the earth to be round.

Wise men held that it was flat—that Columbus was mad—and that he'd fall off somewhere if he departed from established beliefs.

But Columbus' belief found him a continent and made him blessed of memory.

The Business World is flat to some men

Their profit-bearing shores of Opportunity stretch only so far as their grandfathers trod. Custom, superstition and apathy have set them confines which they may not pass.

For instance, they believe the business year is a flat one—not an all-year round of trade, with East joining West, with Spring merging into Autumn—but just two distinct seasons, with sawed-off edges gaping into space.

They confine their activities to a Spring trade and to a Fall trade. To them there is no intervening continent with stores of waiting wealth. Their world is flat. They have not explored the mid-year months of Summer trade. June, July and August are never-never land.

Surely this conception of Summer as a "dull" season is as fallacious as the delusion that the earth was flat. People have just as much money in the hot weather and spend quite as freely as in Spring and Fall. Granted that they are not buying skates and snow shovels in August, yet they are buying staple articles. Furthermore, they have an eye on luxuries and comforts they are counting upon purchasing in the Fall.

The modern Columbus has discovered this

Summer trade—this golden West lying between the known continents of old beliefs. Departing from established habit, many have made their energies and their Advertising an all-year-round proposition.

Keeping up Advertising during the Summer months not only links your Spring and Fall, but produces rich harvests from the Summer months themselves.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.

In the Realm of Women

By PENELOPE

Mr. and Mrs. E. McKenzie are visiting friends in Calgary.

* * *

Miss Audrey Maconison is visiting friends in Chatham, Ont., at present.

* * *

Col. Maynard Rogers, Jasper Park, is in town.

* * *

Mrs. Mervyn Gorman returned to town Monday night from Chicago.

* * *

The motor road to Banff is reported to be in perfect condition.

* * *

Mr. and Mrs. L. H. McKinnon, of this city, have motored down to Calgary.

* * *

Mrs. J. A. Hislop has returned to town with her little family from Gull Lake, after a month's outing there.

* * *

Mrs. F. Jamieson and her little son leave today for Gull Lake for a few days.

* * *

Mr. and Mrs. Holland Ross and their family left yesterday for the coast to spend their vacation.

* * *

Mr. and Mrs. Pat McNamara are the guests of Mrs. McNamara, Victoria avenue, at present.

* * *

Miss Hazel Rutherford and the Misses Fife are in Edson, guests of Mrs. Fulmer at a house party.

* * *

Miss Helen Blackburn is having a dance on Friday night in honor of her guest, Miss Fox, Tacoma.

* * *

Miss Kelly, Chicago, is expected to arrive in town in a day or two to visit her sister, Mrs. Richard Hardisty.

* * *

Mr. and Mrs. Robert Bradburn, Dr. and Mrs. Wood and their family have left for their summer home at Cooking Lake.

* * *

George Bury, vice-president of the C.P.R., and Mrs. Bury, also Miss Doris Bury, were week-enders at the C.P.R. Hotel.

* * *

CHRISTENING OF ALAN FRASER MACDONALD

A happy little event which took place on Sunday afternoon at four o'clock, in All Saints' Church, was the christening of Mr. and Mrs. Kenneth Macdonald's infant son, Canon Webb officiating. The proud parents called their son and heir Alan Fraser. Mr. and Mrs. D. W. Macdonald and Mrs. (Canon) Flett (Mrs. Kennth Macdonald's sister), in whose absence Miss Lowe Dawson stood proxy, were the godparents. After the conclusion of the church ceremony all adjourned to the family hearthstone, on Fifth street, when Alan Fraser was royally toasted, and a delightful hour hovered away.

LADY EDWARD FFITZGERALD— Formerly Miss May Etheridge, who arrived with her husband today, Lord Edward Fitzgerald. Her husband had to resign his commission in the Irish Guards after the marriage by reason of a ruling of the late King Edward. Lady Edward Fitzgerald may become a duchess should Lord Edward succeed to his brothr's estate. The couple have been on a fishing trip in Quebec and will visit Winnipeg and the West. Lord Edward may undertaking fox-ranching.

BANFF BRIEFS

The following Edmontonians spent the week-end in Banff:

At the King Edward—Mr. and Mrs. E. T. Murray.

At the Mount Royal—Mr. W. A. Halliday.

At the Chateau—Mr. L. Here, Mr. I. N. Miller, Miss Zoe Case.

C.P.R. Hotel—Mr. and Mrs. F. S. Johnson, Mr. T. Svendberg, Mr. A. S. Duclos, Mr. S. O. Brien.

Betrothal of Prince Arthur and Duchess of Fife

Canadian Associated Press.

London, July 15.—The court circular issued tonight contains the following announcement:

"The King and Queen have received the gratifying intelligence of the betrothal of His Royal Highness Prince Arthur of Connaught to Princess Alexandra Victoria, the Duchess of Fife, their majesties' niece, to which union the King has gladly given his consent."

Prince Arthur Frederick Patrick Albert is the son of the Duke of Connaught and Strathern, governor-general of Canada. He was born January 13, 1883, and has served as personal aide to King Edward VII. and King George V.

Princess Alexandra, Duchess of Fife, is a daughter of the late Duke of Fife and Princess Louise Victoria Princess Royal, the daughter of King Edward VII. She was born May 17, 1891.

Princess Alexandra underwent a thrilling experience in December, 1911, when the Peninsular and Oriental liner Delhi stranded during a storm on the coast of Morocco near Cape Spartel. The Duke of Fife, the Princess Royal and the Princesses Alexandra and Maud were rescued in life boats. A few weeks later the Duke of Fife died as a result of the hardships he had endured.

Entertainments

AT THE PANTAGES.

The Five Musical Lassies who headline the Pantages bill this week, have their act set in two sets of scenery which portrays scenes in Scotland. These alone tend to make a good impression with the audiences while the music provided adds double delight to the act. The young women are very clever in their line of work, and render delightful tunes on the various instruments they play. They sing also, and all have splendid voices.

Next in line is the bicycle act by the Rondas Trio. The three performers work very fast, and put over several sensational stunts on the wheels. A feature of the act is when the male person, and one of the females, play on the guitar and mandolin while riding bicycles around the stage.

In their acrobatic work the Four Victors are proving entertainers of high order. Tilford, the ventriloquist, supplies considerable amusement. Becker and Adams have a fasinating singing and talking act.

For next week the management announces the engagement of the Great Carter, the magician, who carries a company of 25 people. The celebrated vaudeville artist will come here preceded by a world wide reputation.

SOMETHING OUT OF ORDINARY.

Something quite out of the ordinary for vaudeville is "The Kingdom of Destiny," which is played the first half of this week at the Empire theatre as a feature of the Orpheum vaudeville shows. Edwards Davis, the author of the allegory and composer of the incidental music used in the act also portrays the principal role of power, the king who is tempted by love, evil, fate, art and lust, all of whom are seen in the flesh. Mr. Davis and his company are thoroughly capable and the principal has wisely provided settings for the act that are worthy of the offering.

The Vanias, headed by Ester De Lour, a sweet soprano provide grand opera music that is a rare treat, while Williams, Thompson are seen in a comedy sketch in which Jack Williams does some capable black-face work. Robins, a Hungarian musician makes merry as an imitator of musical instruments. He carries with him besides noise-making devices of several different kinds, culinary articles the introduction of which add to the hilarity of the occasion.

Two more entertaining fun-makers than Harry Fiddler and Byron Shelton have seldom been seen here. Fiddler's facial contortions and Chinese impersonations and Shelton's digital dexterity on the piano are as refreshingly new as they are amusing. The Cromwells who open the bill work only six minutes, but their act goes with such a snap that the audience is left breathless at the finish.

THE OLD HOMESTEAD.

Two characterizations in "The Old Homestead" at the Lyceum theatre this week that stand out above all the rest are Frank Ireson's Joshua Whitcomb and Carroll Ashburn's "Happy Jack" Hazzard. These two characters are accentuated not only because of the wealth of lines provided for each but because of the painstaking efforts made by these two capable actors in make-up.

A LOVELY EVENING DRESS—Of wild poppy colored draped with black net embellished with "rivers" of diamonds.

What the Advance Man Says

"HANKY PANKY" ON THURSDAY.

The advent of a few Fields' production is considered by theatregoers as one of the allied social and amusement events of the season. Therefore, it may be expected that society will turn out en masse to witness his all star company in the melodious jumble of jollification, "Hanky Panky," which comes to the Empire theatre tomorrow night for three nights and Saturday matinee.

Coming direct as it does, from over 500 nights of record breaking business in Chicago, Boston and New York, it may easily be considered as the most significant and conspicuous musical comedy to be seen here this year.

The authors of "The Midnight Sons," "Tillie's Nightmare," etc., Edgar Smith, E. Ray Goetz and A. Baldwin Sloane are responsible for "Hanky Panky," writing the book, lyrics and music respectively.

The same original galaxy of stars, the greatest ever assembled under one banner, is headed by Max Rogers (the surviving member of the Rogers Brothers), Harry Cooper, Hugh Cameron, Clay Smith, Arthur Carleton, Christine Nielsen, Myrtle Gilbert, Virginia Evans, Flo May and Wm. Montgomery and Florence Moore.

Geo M. Cohan's "Get-Rich-Quick-Wallingford" furnishes a medalion for a travesty of the very breeziest sort: Cleopatra, a resurrected mummy, falls in love with the celebrated bunco man, while Clorinda Scribblem, the famous typewriter of the Chester story is with us again for comedy purposes of "Hanky Panky."

A PACING CAMEL.

Few people are aware of the fact that a swift camel can pace faster than the ordinary race horse. The Sells-Floto circus people did not even know that themselves until one of their men one day last winter hitched "Asia," the baby camel born to the circus two years ago, to an ordinary speeding wagon. It was a comparatively easy task to break the little fellow to harness and as the circus was wintering at Overland Park at Denver, he was jogged around the race-track.

It soon became evident that "Asia" was troubled with speed. In a couple of weeks he could shuffle along beside the fast trotters when they were jogging a pretty fair clip and one day he was asked to go through the stretch at speed. It is claimed by those who saw the performance that he completed the distance in thirty-six seconds, which is a 2:24 clip. Just exactly what the limit of his speed is, has not been ascertained, because he is only a two-year old colt. He will be seen, however, both in the parade and at each performance of the Sells-Floto circus when he will appear and give an exhibition of his speed on the Hippodrome.

The Sells-Floto circus is billed to visit Edmonton on July 18 for two days, and there are seats this year for 10,000.

INSTANTLY KILLED BY AUTO.

Toronto, July 14.—An inquest was opened today into the death of the four year old son of Isaac Jolly, Kingston Road, who was instantly killed yesterday afternoon when struck by an automobile, which according to the police, was driven by A. L. Patterson of Milton. The little fellow was walking along the Kingston Road near West Hill with two companions and the automobile, it is said travelling at a high rate of speed, swung as it passed and struck the boy, throwing him to the side of the road.

BIG GOPHER KILLING CONTEST IN RYLEY

Jos. McCallum, M.P.P., is Offering Prizes to Boys Who Kill Largest Number of Pests—Telephone Construction Going Ahead Rapidly.

Ryley, July 14.—Perhaps the biggest gopher killing contest ever conducted in Alberta is now on in this constituency, and before the end of the present month many thousands of the little pests will die. The contest is open to all boy residents of the constituency, 18 years of age or under, and the four who kill the largest number during the month will be awarded the following cash prizes by Jos. McCallum, M.P.P.: First $50, second $25, third $15, fourth $10.

Recently the secretary of the Ryley Creamery received a copy of the report by H. S. Pearson, provincial inspector of creameries, who paid his annual inspection visit to the creamery. Out of a possible one hundred points, the report shows 91 points scored for general management, sanitary condition, correctness, thoroughness, neatness, order, etc. For flavor, texture, salting and packing the possible score is also one hundred. Mr. Pearson's score card showing the inspection of five days' churning gives the following scores: 93.5, 92, 92.5, 90.5 and 93. Mr. Pearson stated that, if given the grade cream such as is delivered to many creameries in the province where a lower grade butter is manufactured, it was his belief that the very best butter manufactured in Alberta would come from the Ryley creamery.

A. W. McKinnon, former manager of the Alberta Hotel here, accompanied by Mrs. McKinnon and son, were visitors in town the latter part of last week. They are enroute for Eastern U.S. points. Mr. McKinnon has disposed of his interest in the Transit Hotel, North Edmonton, and after his trip through the east will enter into business in the capital.

C. Murby, who is employed by C. Moos, six miles north, met with a serious accident recently, when his team ran away, throwing him out of the wagon and against a barb wire fence. A very deep gash, which required seven stitches, was cut in his leg. He is under the care of Doctor McPherson and is recovering as rapidly as can be expected.

Telephone construction gangs commenced work last week on the erection of the rural line running northeast from Ryley. After completion of the line, additions will be made to the lines runing south and southwest. Altogether nearly 50 phones will be added to the Ryley exchange this summer.

There is every reason for optimism in the crop report from the various sections of the district. The abundance of moisture and warm sunshine are causing the growing grain to make up for the week or so lost during seeding time. Already barley is heading out; oats are doing splendidly and the wheat crop is in excellent condition. As usual, garden truck is all that can be desired. An old resident of the district asserts that the prospect for a bountiful crop are positively better this season than he has ever seen before. This sentence contains the sum and substance of the reports that come from every section of the district.

The directors of the North Dakota Fair Association, by excluding Canadian exhibits from the fairs of Dakota, have paid Canada the finest compliment possible. It is an admission that Canadian products are superior to those of Dakota.

What is said to be the largest clock in the world forms a part of an electric sign in Boston.

CALGARY WOMEN WANT A MARKET INSPECTOR

Stale Butter for Fresh too Much for Housewives of Southern Alberta City—Some Bad Fruit Also Has Been Sold.

Calgary, July 15.—As a result of an attempt to pass stale butter for fresh dairy butter at the market, the women of the Consumers' League have requested the health department to have a food inspector at the market all day.

"Some fruit was sold on the market which was not fit for human consumption," declared Mrs. E. P. Newhall, president of the league. "We have no power to prevent this, but the sanitary department can prevent it, and we mean to give the food inspector our utmost assistance for the protection of consumers."

The conditions are not yet perfect, and the Consumers' League wants an official "grader" appointed to grade add classify foods according to quality.

The fruits which are sent from British Columbia are graded and classified by the British Columbia Fruit Growers' Association, and this insures satisfaction; but dairy produce is not even inspected, and there have been one or two cases of flagrant deception.

A shipment of fruit from Creston, which is the finest yet imported to Calgary, arrived last night, and will be sold under the auspices of the Consumers' League. Cherries, strawberries, gooseberries and currants are included in this consignment, and the fruit is decidedly first class.

HIGH CLASS RESIDENTIAL AND DAY SCHOOLS

School year begins Tuesday, 16th September. Applications for admission should be made at once.

LANGARA

A. B. Tait, Esq., M.A., Principal.
An exceptionally strong teaching staff.
Boys prepared for University Matriculation or for entering the Royal Military College.
Careful supervision of the pupils in their games as well as in their studies.
Special attention paid to the development of character.

BRAEMAR

Miss Margaret Ross, Principal.
Buildings and staff unsurpassed in the Dominion.
Each mistress a specialist in her own department.
Regular training in gymnastics by a competent mistress.
Domestic science included in the regular curriculum.

WESTERN RESIDENTIAL SCHOOLS, LTD.

Rev. E. D. McLaren, Superintendent.
1947 Pendrell Street VANCOUVER, B. C.

The Incola Hotel Penticton, B.C.

Situated at Southern end of Okanagan Lake; climate ideal; warm bright days; cool nights; good bathing beach; boating, golf, etc.; good automobiling, there being many picturesque drives through the mountains surrounding Penticton. Cusine under management of German chef; rooms with and without bath; running water in each room. For rates, etc., apply to MANAGER.

WEDNESDAY, JULY 16, 1913.

A STRIKING EVIDENCE, OF ESTEEM.

The by-election in the constituency of North Grey resulted in the return of a supporter of the Whitney Government by a majority of 278. This is the constituency which Hon. A. G. MacKay formerly represented in the Ontario Legislature, the by-election being necessitated by his resignation of the seat. Mr. MacKay was elected in the riding at three successive elections, each time with an increased majority. His majority in the last contest was more than seven hundred. That upon his retirement this large majority turned into an adverse majority of nearly three hundred indicates the esteem in which Mr. MacKay is held by the people of the town and district in which he was born and reared.

THE "SICK MAN'S" MOVE?

Intervention by the Powers to stop the war in the Balkans appears very unlikely. To Russia's suggestion that an armistice be declared pending peace negotiations, Servia and Greece have made no response. They have evidently determined to whip their late ally to the point of complete submission, and to force a division of the Turkish spoils strictly according to their own interests. As Sir Edward Grey announced in the House of Commons, these belligerents have now got into a frame of mind in which they will not listen to remonstrance or advice, and to compel them to do so is a task which the Powers are not likely to undertake. The physical and financial exhaustion of one or other of the combatants seems now the only factor likely to put an end to the struggle. The fury with which the fight has been waged makes it probable that this condition will not be long in arriving. Meantime the Turk is moving forward, where or with what object nobody knows. Supposedly, he is only moving up to occupy the territory to which he is entitled under the terms of the London protocol. But an army on the march is a mobile institution, and suppositions that the Turk would do only what was expected of him have proven very poorly founded in the past. Supposing the Turk does not stop at the Enos-Media line, but goes marching on to join forces with one or other of his late enemies? Will the "concert" of Europe intervene in that event? The unpleasant probability of his doing something of the kind is indicated in dispatches which declare that both parties have been courting his assistance. The Bulgarians, according to one dispatch, offered to negotiate an alliance with the Turk on the understanding that the Enos-Media line should be the boundary of their territories only until they had crushed the Greek-Servian combination, when they would proceed to carve up the country according to their mutual interests and circumstances. This offer, it is reported, was declined by the Turk, who made an alliance of some unknown sort with the Servians and Greeks against the Bulgarians. It may be taken that the price of this alliance with Bulgaria's enemies was something quite as good as the Bulgarians offered him — or better. While, therefore, the "concert" is waiting in real or assumed confidence that the Turkish troops will not pass the new frontier of their empire, the Turk's new allies are refusing to consider an armistice, and the Moslem troops are moving in the direction they would have to move to affect a junction with these allies and hurl the combined forces upon the Bulgarians. Once again in the common phrase the "sick man" has Europe "guessing." It is safe to conjecture that, as on innumerable somewhat similar occasions, the Turk is the one party in the game who has an eye strictly to business, and who will play his cards with the cool adroitness that has enabled him for centuries to maintain a foothold in a continent of enemies. It is reasonable to suppose, too, that in this case his object is to recover as much as possible of the territory taken from him in the late war. If he thinks he may presume upon the patience or the jealousies of the Powers to take active measures toward this end, his reported alliance with the Greeks and Servians is good tactics. These countries are the farthest removed of his late foes. In the possession of the nearer and eastern half of his former territory they have had no concern. If this portion were to go finally to any of the former allies it would be to Bulgaria; and in their present temper the Greeks and Servians are probably quite as willing that the Turk should regain this territory as that the Bulgarians should get it. That, perhaps, is the bid they made for his assistance, and the understanding upon which his troops are again marching northward.

Remarked on the Side

"It was like travelling with a comet," Sir Ian Hamilton is reported to have said, in describing his tour through the Dominion in company with Col. Sam Hughes. This seems to suggest a new theory of comets—the hot air theory.

* * *

The railway trouble in the States is to be settled by arbitration under an act which at the time of writing has not yet become law. It seems that legislative chickens can in some cases be counted before they are hatched.

* * *

While some people are claiming that the funds of the militant suffragettes in Britain are becoming exhausted, it looks as if they have struck a new pay seam in the sale of "cat and mouse" licenses. So far as one can see the supply of these promises seems to be unlimited.

* * *

Sir Edward Grey thinks that no exception can be taken to Turkey's present attitude in the Balkan mix-up. No doubt her intentions are strictly honorable. She is not looking for anything back of course, but only wants to be on the spot with those war indemnities which were mentioned some time ago.

* * *

The suggestion that a by-law may be framed to regulate the charges made by barbers opens up a very wide question. Some may see in it the foreshadowing of the appointment of a Tonsorial Commissioner. Almost any one of the present executive should be qualified for such a position when they are through with the shaving of the estimates.

* * *

The latest reason given for the shortage of cash for municipal purposes is that investors find a better return in supporting manufacturers. This seems to mean simply that the householder has to choose between, say, a new lawn-mower and a concrete sidewalk.

* * *

The humble pedestrian will be interested to hear that a stringent watch is being put upon automobiles, but there are probably not a few sufferers who think that the law regarding speeders might with more advantage be relaxed. At the present time, for instance, one can only cast an indignant look after the road hogs, brickbats being illegal.

Current Comment

A Conundrum.

Toronto Mail and Empire: If Jack Johnson had been the opponent before whom McCarty fell dead in the ring at Calgary, would the same jury have brought in the same verdict?

A Hint to Inventors.

Toronto Star: So many instances occur in which the production of love letters bring embarrassment to those who write them that there ought to be a fortune in it for the man who invents an ink that will fade in three months.

Censorship That Counts.

Toronto Mail and Empire: Mr. Justice Charbonneau, of Quebec, has decided that there is no appeal from the decision of the Quebec Board of Moving Picture Censors. This is good sense as well as good law. If a censor is to be of any advantage his rulings ought not to be subject to revision.

The "Bad" Boy Problem.

New York World: Jail is a poor place for bad boys. It is a particularly poor place for "bad" boys guilty of nothing worse than mischief. Such lads have commonly an exuberant energy which will be useful in the world's work in later years if they get safely through their mischievous period. To lock them up in cells is the way to turn them into criminals.

As You Like It.

Montreal Herald: A member of the French Chamber of Deputies fell dead just as he was about to deliver a speech. If some hon. members of the Canadian House will paste this fact in their hats, and remember it next session, the unfortunate French statesman will not have died in vain.

A Fashionable Complaint.

Toronto Globe: And now Holland, which has lived the peaceful and uneventful life of a middle-aged, prosperous capitalist for the past two centuries, except during the Napoleonic regime, proposes to embark in the Dreadnought business. The armament disease is clearly contagious.

Both to Blame.

Montreal Gazette: In a suit for compensation for injuries sustained in an automobile accident the court reduced the amount of the award because of the contributory negligence of the sufferer, and followed good precedent. The recklessness of too many auto drivers is frequently condemned. There is a recklessness on the part of pedestrians that helps to swell the accident list.

Not Warlike.

Winnipeg Free Press: Advertisements published by the Dominion government in newspapers in Great Britain, designed to promote immigration to this country, state, under the heading "The Argument for Canada," that this country "stands for peace," and that "the only conquest the Canadian "people are ambitious to make is the "conquest of the vast resources of "their own country." This is a true statement, well expressed, and admirably conceived to serve the purpose intended.

Next, Please.

Vancouver Province: They appear to be having some real hot weather in Michigan. A Dowagiac despatch says: The intense heat caused a sidewalk in this city to explode, pieces of cement being hurled nearly 50 feet. Water used to cool off the walk leaked down into a crevice in the cement. The intense heat on the walk caused steam to form, it is believed, and so great became the pressure on the walk that the explosion followed. Luckily no one was near the walk when it blew up.

Sixty to None.

Ottawa Free Press: It is announced that sixty men in the Canadian naval service have taken advantage of the Borden government's offer of discharge without penalty before the expiry of their engagement.

We have yet to learn that a single member of the navy headquarters staff—the admirals, the gunnery directors, the comptrollers, etc.—has sent in his resignation because of the Borden government's announced intention of letting the Canadian navy go out of existence.

Correspondence

TAKES EXCEPTIONS TO TORONTO TELEGRAM ARTICLE

Editor Bulletin.

Sir: In reference to the paragraph headed "A Benefactor," an excerpt from the Toronto Telegram in your issue of July 9th, I may say that the writer has an entirely wrong view of the events regarding the forcible emigration of the tenants on the Duke of Sutherland's estate and of their conditions of life before and after.

From his phraseology, I conclude that the paragraph is original, and no doubt the scribe congratulates himself on his ability to write with such mild sarcasm of what he deems to be the truth, the whole truth and nothing but the truth. It really was a happy thought of the Duke's to turn his lands into deer forests—to denude that same land of its best men, to send them unwillingly on their part on a six months sea voyage, herded like cattle in a foul ship without an adequate supply of provisions, to wage war with Mother Earth for the scantiest living, and suffer innumerable other privations. They had the best of reasons, had they not, to thank the Duke for having them sent across here to these settlements in the Eastern provinces and the Red River Valley—the fertile woods of this favored land, which sheltered hostile Breeds, and where one fur company bitterly fought the other, burning one another out in continual strife. Is it not pathetic to think of the relatives of the Beaverton and Thorah people suffering all this. The Telegram correspondent evidently does not think so anyway. Yes, it really was a "happy" thought of the Duke's to rear deer for wanton sport that some Duke who had so benefited these Highlanders, and yet caused them untold misery. All honor to the dead. It is a very sensible idea to build a monument to the honor of one who has done some good action, but one can hardly blame the said townships if no such emblem is erected.

Yes, Canada owes much to these men, whose energy was indomitable—but we won't discuss that.

So Sutherlandshire's acres are hungry—otherwise, unfertile? Yet more men lived on them before the eviction than were there when they emigrated, and the writer need not advance, in defence the fact that by the latter date the land would be more impoverished than before, as at the present day there is a larger population in Sutherlandshire than there was at the beginning of the last century. Another fact, which is brought prominently from time to time before Parliament, is that the men of Sutherland and the Northern counties are now fighting the landowners for these very lands on which is reared nothing but deer, so that they can get from 20 to 50 acres of land on which they can produce sufficient to give them a competent livelihood.

That is fact, and differs from the paragraph in the Toronto Telegram in that I do not write from any flight of imagination, but probably the correspondent of the Toronto paper is only an inexperienced youth aspiring to the highest rung in the reporter's ladder. Anyway, he is sadly in need of a reliable geography and history in order to improve himself along these lines, as the writer of this article is a Scotchman and a Highlander, who knows every foot of Sutherlandshire from Dornoch to the Minch, and therefore knows what he is talking about, and, what is more important, understands it. Highlandman.

DAVID MORRISON.
634 Third Ave. N.E., South Side.
July 14th, 1913.

W. J. BRIGHTON DEALS WITH CAR BARNS OVERCHARGE

Editor Bulletin:

Sir.—In Tuesday morning's Bulletin appears an article regarding overcharges on the new car barns, and which from your heading is attributed to lack of system in the stores and work department. As I was superintendent at the time the car barns were partly erected, kindly allow me space in your paper to deny most emphatically that my department was responsible in any way, whatsoever, for the erection or cost of the car barns. All we had to do was furnish material when required, and we only delivered or charged material to the buildings when he had requisitions to do so, and we had absolutely nothing to do with when it was to be built, where to be built, how it was to be built, or what time of the year it was to be built.

In my opinion all the criticism of the excessive cost of the car barns is being done by those who know nothing of building conditions or the cost of material. At the time the car barns were erected, if Mr. Smaltz and Mr. English are reported correctly in your paper, I have no hesitancy in branding their statements as false, if they refer to my superintendency of the stores and works department, as at no time did my department refuse them access to all statements, invoices, etc., etc., on file, or to furnish them with all information required by them. If the new superintendent is unable to give a detailed statement of the cost of the barns from the stores and works records, then all I can say is that the records have been destroyed or carefully put away since my regime ended on the 15th of February last. The accounting system in the department has not been materially changed up to the present time, regardless of all newspaper talk to the contrary, and the only reorganization that has taken place is one that is costing the city dollars every day, and that is, dealing with the supply houses themselves instead of through their representatives, and any sane business man knows that is only through the travellers that advances and market changes are made known to the purchasing agent. Sofa cushions with silk tassels are being supplied for chair cushions. An order for valves could be procured in 30 minutes and that took 17 days to be filled are only sample illustrations of what is being done by a department that is supposed to be now the most efficiently run department in the city. But what can be expected when the head of the department has to confess he does not know the difference between a gate and a globe valve? Inspector Buck had one of the largest contractors in the city inspect the car barns and give him an estimate, with the result that the figure as given by the contractor was higher than the cost of the barns and when all things are taken into consideration, the time of the year when the work was started, the additional 25 per cent. advance in wages, that was authorized by the council, the delay caused by high water in preventing gravel being taken from the river, the delay caused by accident to sand pit, and a multitude of other unavoidable causes that could be cited, all tended to make the car barns cost more than estimated. But if any reasonable minded man compares the car barns today with buildings of a similar type that were erected by the city at the same time, the car barns will stand the test as good value for every dollar expended. There is not a crack to be seen in any of the walls and if you travel from ocean to ocean you will not find their equal for the same amount of money expended, and there is not a contractor in the city who would put up the same class of building for the same money, under the same conditions and time will prove that the money spent on the car barns was well spent, all statements to the contrary notwithstanding. As to the $38,000 overcharge, this is simply the amount of unpaid accounts, extending back several months, and that were held up for lack of funds to pay them and as they applied to 1912 construction, when paid, they had to be included in the October statement. A matter of bookkeeping, that's all it amounts to.

Yours truly,
J. W. BRIGHTON.
Edmonton, July 15, 1913.

St. Boniface Wants $345,890.

Winnipeg, Man., July 15—At the meeting of the St. Boniface city council last night, a public notice was read calling for tenders for a $345,890 loan, including $150,000 debentures and $150,000 waterworks expenditure. Bids will be received for the same until August 1st.

Was First of the Aviators.

Charlevoux, Mich., July 14.—Beckwith Havens, with J. B. Vanplank as passenger, was the first of the aviators in the Chicago to Detroit hydro-aeroplane cruise to reach Charlevoux, landing here at 4.25 o'clock this afternoon. The trip with Pentwater, from which place the start was made at 2.43 p.m., was uneventful. Only one stop was made, a shortage of gasoline making necessary a descent at Frankfort.

WINNIPEG GRAIN MARKETS.

Winnipeg, July 15—The market opened weaker this morning and declined appreciably throughout the morning on account of the anticipation of heavy winter receipts and the denial of the damage from black rust in North Dakota. The splendid crop prospect was also a factor in the lower tendency of prices.

Winnipeg—Opened 1-4 lower to 1-8 higher and closed 1 1-8 to 1 1-4.

Minneapolis— Opened 1-4 to 3-8 lower and closed 1 1-8 to 1 3-8 lower.

Chicago—Opened 1-8 to 1-2 lower and closed 1 to 1-8 lower. Cars inspected Monday were 522 with 200 in sight.

Cables closed: Liverpool, unchanged to 1-8 higher; Paris, 1-4 to 1 lower; Berlin, 1-8 higher; Budapesth, 1 1-8 higher; and Antwerp 1-8 higher.

	Open.	Closed.
Wheat—		
July	98 1-8	97 1-8
October	91 5-8	90 3-4
December	90	88 7-8
May	95 1-4	95 7-8
Oats—		
July	33 7-8	33 3-8
October	36	35 3-8
Flax—

Chicago.

July	85 5-8	84 5-8
September	86 7-8	86
December	90 3-8	89 3-4

Winnipeg, July 15.—Wheat prices slumped and were easier on expected movement of winter wheat in the south, denial of black rust in spring wheat states and indifferent Liverpool cables.

Winnipeg opened quarter cent lower to 1-8c higher, and closed with a loss for the day of 1 1-8 to 1 1-4c.

Minneapolis opened 1-4 to 3-8 lower and closed with a drop for the day of 1 1-8 to 1 3-8c.

Chicago opened 7-8 to 1-2c lower and closed 1 to 1 1-8 to 3-4c lower.

The cash demand was quiet for all grades of wheat and offerings fairly liberal, while export bids were out of line, no new business being consummated. Cash prices closed 1 1-4c lower on contract grades.

Oats and flax were unchanged at opening but weakened fractionally later.

Cash oats closed quarter to 3-4 lower.

Cash flax closed half to 3-4c higher and options 1-8 to 1-4c higher.

Inspections Monday totalled 522 cars and in sight were 200.

Deliveries through the clearing house were: Wheat, 117,000 bushels; oats, 37,000; and flax, 52,000.

CHICAGO GRAIN MARKETS.

By Bulletin Leased Wire.

Chicago, July 15.—Opinions by experts that the wheat crop in the Dakotas and Minnesota was too far advanced to be endangered by rust, gave the market a turn down today. Closing prices, though steady, were 1 to 1 1-8 under last night's. Oats closed 3-4 to 7-8 to 1 1-4 down.

Notwithstanding that black rust reports came from additional centres this side of the Canadian border and from one place in Saskatchewan, wheat traders as a rule became more skeptical than excited.

According to a leading authority samples of affected grain showed some slight evidence of the fungus but not under conditions at which serious harm would probably result.

Disappointment over cables added to the troubles of the bulls. The world's available supply was shown to be a million bushels larger than a year ago, export inquiry was slow and receipts rapidly on the increase. No ground for a rally could be found and in the last hour bearish sentiment was practically unchecked. Primary arrivals of wheat amounted to 1,191,000 bushels, against 485,000 bushels the corresponding day last year. Seaboard clearances of wheat and flour equalled 144,000 bushels.

Chicago, July 15—Wheat eased off today in the absence of any proof that the reports of rush north-west had been well founded.

Generally fair weather in that direction tended also to dispel fears concerning the plague. Weak cables counted too against the bulls. Opening prices were a shade to 1-2 lower. September, which started at 86 3-4 to 87 a loss of a sixteenth to 1-4 at 3-8, fell to 85 1-8.

Wheat—Big primary receipts and lack of export inquiry, led to a more decided break later. The close was steady with September 1 cent net lower at 86 at 86 1-8.

MONTREAL STOCK MARKETS.

Montreal, July 15—There was a sensational slump on the market today when Laurentide dropped 11 3-4 to 162. On the new issue of stock Montreal Power went down four points, also in sympathy to 201. Many speculative holders of Laurentide are also holders of Power and were compelled to sell out their holdings of the latter stock, the sales in which were heavier than for some time past. Otherwise the market was quiet. The prices were:

Textile, 76 1-2; Iron, 43; R. & O., 102 to 103; Spanish River, 42; Brazilian, 85; and Toronto Rails, 136.

WINNIPEG STOCK MARKET.

Pearl Lake, 500 at 29.

BERNARD SHAW IS CYNICAL.

British People Will Subscribe to Sport But Not to National Theatre.

London, July 15.—At a private performance of George Bernard Shaw's "The Showing Up of Blanco Posnett," at the Court Theatre, yesterday afternoon, by the Irish players, a letter was read from Mr. Shaw in which he referred cynically to the fact that the English nation "has just enthusiastically given a huge sum of money to buy the Crystal Palace for the sake of the football cup finals, to which it is consecrated in all English hearts, but absolutely refuse to endow a national theatre."

Mr. Shaw added that he was unable to be present that afternoon because he had to attend the meeting of the executive committee of the Shakespeare Memorial National Theatre, where he had to make a proposal to add to the national theatre scheme "a football ground and a race course."

Mr. Shaw added with cynical gravity that he believed that if the proposal was adopted they would quite easily get the half million pounds that was required.

BORDEN, WHITE AND M'BRIDE ARE SICK MEN

Canadian Premier and His Finance Minister Victims of Nervous Disorders

BRITISH COLUMBIA PREMIER TO TAKE REST

Borden and White Under Severe Strain During Session Due to Opposition

Special to the Bulletin.

Ottawa, July 15—The cares of office are beginning to tell upon some of the most important Conservative leaders, Premier Borden, Finance Minister White and Sir Richard McBride are all suffering in health to such an extent that their friends are genuinely concerned. Premier Borden and Hon. Mr. White have become victims of serious nervous disorders.

It is the traditional custom of a government at the close of each session to spend from three weeks to a month in daily council disposing of business which piles up in the departments during the last month of the session, when the pressure on the house compels ministers to neglect routine.

This year immediately after parliament prorogued the ministers scattered to the four corners of Canada after a brief half dozen meetings.

It was found that the pressure upon them from patronage committees and job hunters; the anxiety over a threatened rebellion among government members in the house, and the very severe strain to which the government had been subject by the opposition, had been too much for them.

Premier Borden is in the maritime provinces taking a rest and absolutely refuses to deal with business of any sort.

Finance Minister White is in England. He had announced a trip to the West and when his plans were changed there was a good deal of speculation as to the nature of the business which so suddenly called him to the motherland. It is now learned that he has no business there beyond seeking absolute quiet to soothe his nerves.

Sir Richard McBride is going to Britain within a month on a holiday and health-seeking journey.

GREEKS MASSACRE BULGARIAN RESIDENTS

Report From Sofia Says Greek Troops, After Occupying Thravia, Killed Bulgarian and Musselman Population.

Sofia, July 14—The mayor of Druma reports that irregular troops have landed at Leftra, and occupied the town of Thravia. The Greeks massacred the whole Bulgarian and Musselman population.

Cheated the Bulgarians.

Saloniki, July 14—Two thousand Bulgarians of Kaval garrison were induced to evacuate the town by a ruse of the commander of the Greek fleet, who manoeuvred in a manner to lead the Bulgarians to think that a large force of Greeks was being landed.

Greece's Conditions.

London, July 15—A Saloniki despatch to the Times, says: Greece is preparing to sign an armistice only on condition that the frontier questions, the payment of indemnity by Bulgaria and guarantees for the welfare of the Greeks under Bulgarian rule shall be settled on the battlefield. The Greek and Servian premiers are meeting at Niss to discuss the situation.

"Premier Venivelos is now of the opinion that the creation of three numerically equal states is the only way to secure a lasting peace in the Balkans. Greece was previously prepared to admit that Bulgaria might have a population one million in excess of Greece.

Will Not Oppose Annexation.

"The Greek premier further refuses to oppose the annexation of Thrace to Bulgaria, although many of his countrymen consider that this attitude sacrifices the interests of his country. But he says that he has no desire to create difficulties for the great powers, and will be content with adequate guarantees for the future of Greeks in Thrace.

"King Constantine agrees with Premier Venizelos on these points."

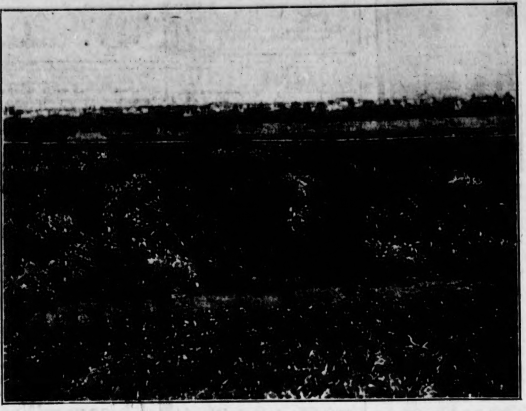
Servia Ready for Peace.

Belgrade, July 15—The report that Servia refuses to enter into peace with Bulgaria is without foundation. She is only waiting for the arrival of persons who have full particulars, to open the discussion of peace. After their signatures have been attached to a demand for negotiations hostilities will cease at once. It is officially stated that quiet prevails today along the whole frontier except at Zayetchar where some unimportant skirmishes have occurred.

Massacred 500 Villagers.

Saloniki, July 15—The Greek commander reports that Bulgarian troops fleeing from the advance of the Greeks, yesterday burned the village of Doxat, south of Drama, on the railroad between that place and Kavala, and massacred five hundred of the inhabitants. Heavy fighting ensued as a result of which the Greeks occupied the town of Drama, thirty miles north of Serez. The Bulgarians fled in disorder, leaving seventy waggon-loads of ammunition on the field.

TEACHERS AT SUMMER SCHOOL BEING TAUGHT GARDENING



THE SCHOOL GARDEN ON THE GROUNDS OF THE ALBERTA UNIVERSITY—Various systems of school gardening are being demonstrated to the teachers now in attendance at the Summer School at the University. The garden is under the direction of R. W. Ellwell, M.A., B.S.A., of the Department of Education.

System Of School Gardening Shown At Summer Course

Practical Working Out of Plans for School Gardens Demonstrated to Teachers at University

In connection with the summer training school for teachers, and for the practical instruction of the students attending, a typical school garden has been prepared on the grounds of the Alberta University, the authorities having given permission to select land thereupon. A portion of the land, slightly under half an acre, was chosen close to the president's residence, and work was begun on the 19th of May. The land had been roughly cleared and broken last year, and sown in oats. The stubble was removed and two or three days' work was given to collecting in heaps the roots and rubbish still remaining by two men of the department of education. The University undertook the plowing, discing and harrowing of the land.

Careful Planning.

Dr. Miller, the director of the summer school, assisted by Mr. R. W. D. Elwell, M.A., B.S.A., of the department of education, drew up a plan to scale for a garden which has to show two systems worked out, either of which might be adopted by a teacher for his or her school. Mr. Elwell is a graduate of Oxford University and of McDonald College, St. Anne de Bellevue, Que.

The carying out of the plan for the garden has been under the immediate direction of Mr. Elwell and the present appearance of the garden demonstrates his success.

The first of the two systems mentioned above is the individual plot system in which every child has the care of one plot, its products being his own. This portion of the garden provides for a rural school having an attendance of twenty-eight children with a field of eight acres. The other systems is a class-plot system, where each class has its plot, the children of the class sharing the labors and the products of its particular plot.

Different Systems.

The garden then contains:

(1) Twenty-eight individual plots 4 by 10 feet, a few of these being divided into two parts for the smallest children, but each child having its own portion.

(2) Eight class plots 10 by 22 feet—that is, one plot for each of the eight grades.

(3) A central flower-bed and a portion which might be occupied by the schoolhouse sown in lawn grass.

(4) Some "experimental" beds for experiments instructive to children.

(5) A large portion left untouched after plowing and harrowing, for students to transform, on their arrival, into a school garden, the laying-out and other preliminary work being done by them and each having his or her own plot to look after during the session.

Avoid Monotony.

In the garden, ordinary vegetables are being raised, each child's plot containing those suitable to his or her age. Thus the plots of children in the primary class have, besides potatoes, such vegetables as radishes, mustard and cress, while dwarf nasturtiums have also been sown. For older children other vegetables and flowers are selected so that monotony is avoided and interest is maintained.

In the class-plot system the same principles are observed, while additional flowers are included. In the higher classes provision is made for the greater individuality and special garden problem suitable for children of the seventh or eighth grade.

School Board Accepts Offer.

Brandon, July 14.—At tonight's meeting of the Brandon school board, the offer of the Central Canada Insurance Company to purchase $20,000 worth of five per cent. 30-year debentures was accepted.

News of the South Side

SOUTH SIDE OFFICE: 24 WHYTE AVENUE EAST. TELEPHONE 3418

SOUTH SIDE MARKETS.

Farmers report crops good. Old timothy ground thin but tall; grain crops doing fine.

Timothy, scarce, new, $14.00 to $15.00 per ton.

Wild Hay, more plentiful, $10.00, $12.00 per ton.

Oats scarce, 30c per bus.

Other farm products scarce.

No old potatoes for two weeks. No new ones offered yet.

VISITING CALIFORNIA.

Prof. W. H. Alexander, of the University of Alberta, is now in California. He was one of the speakers at the summer meeting of the California High School Teachers' Association at the University of California, at Berkley, where he gave an address on Personal Conviction of Classical values. Just as the summer school, now in session at the University of Alberta, Edmonton, so at the University of California the subject of agriculture bore a prominent part on the program.

PARKS OF THE SOUTH SIDE.

The south side has three parks. The athletic park is well suited to its name, even good enough to be suitable for the holding of the provincial amateur athletic meet for the championship of Alberta. The Rutherford park on Mill Creek was donated by Hon. A. C. Rutherford and considering that fact and the work of Dr. Rutherford the name is an appropriate one for the park. But though the parks commission have re-named the park below the hill by the side of the river to be called Tipton park, still there are a large number of south siders, including many of Alderman Tipton's friends who would prefer to continue the name of Riverside.

PERMITS TOTAL $1,513,116.

The following budget of building permits has been issued from the South Side office of the Building Inspector:

R. M. Sure, L29, B7, Irvine Estate, dwelling	$ 400
Alfred Hudson, L31, B3; Gallagher Est., dwelling	500
W. L. Roberts, L6, B31, Idlewylde, dwelling	300
A. E. Rivett, L25, B19, S.W. 28, dwelling	2,000
Herbert Stansfield, L21, B31, Allendale, dwelling	2,000
J. Hardy, L27, B52, R. L. 15, addition	500
C. M. Rummell, L10, B98, R.L. 11, dwelling	4,000
L. L. Pearce, L1, B77, Allendale, store and apartment	8,000
Total	$17,700

This makes now a total for South Side building permits issued since July 1st a total of $40,400, and since January 1st, 1913, a total of $1,543,116

LOCALS.

Mrs. W. E. Webb and son are spending their vacation at Military Point, Cooking Lake.

Mrs. T. P. Malone and family are summering at Lac Ste. Anne.

J. C. Malone of Regina, has arrived to take a position in the department store of his uncle, T. P. Malone.

Miss Maud Smith, of Rupert street, an auxiliary teacher in the Queen Alexandra school, left yesterday for three weeks' vacation in Vancouver.

Concrete work on Second street, S. W., is completed for the season, and asphalting of the fifteen-block stretch begun at the north end. Concrete is being laid on Sixth avenue south, between Second and Main streets.

The spacious reading room in the basement of the south side library is finished, and the floor has been carpeted uniformly with the main floor. Fixtures and furnishings only are wanting to prepare the room for use.

Rev. J. C. Bowen, a former pastor of the First Baptist church, is in the city, a guest of his brother, Mr. P. Bowen. His many friends will be glad to know that the critical operation through which he has recently passed, has proved completely successful and Mr. Bowen is rapidly recovering his strength. Mrs. Bowen and the children are visiting in the east.

W. Godson, of Munson, suffering from internal trouble, completed the long trip from Munson on a bed in the baggage car on Monday and was taken to the south side hospital in Wainwright's ambulance. The invalid came north to Camrose by the C. N. R., rested there for the night and was transferred to the C.P.R. Monday morning. He is under the care of Dr. Beggs.

Alec Hamilton, now in the city, reports a successful deal in live foxes in the north country. He picked up one silver grey fox, two crossed black and one red for $500, from a half-breed. At Athabasca Landing he sold the grey and one black for $2,000. The other two are still in his possession.

News of The District

ATHABASCA.

Bulletin News Service.

D. Hayden and M. Harvey, of Grouard, were in town a few days this week after a holiday "outside."

The Athabasca Hotel changed hands the past week, when A. E. Walsh, for some time past manager of the house, bought out the late owner, L. Boudreau, of Edmonton.

Messrs. J. L. Cote, M.P.P., and P. E. Lessard, M.P.P., were in town the past week.

J. L. Lessard, of the Wabasca Trading Company, arrived on Tuesday from Wabasca with the season's fur catch. He also brought a number of live foxes, which were sold for $21,000.

The choir of the Methodist Church and the young people of the church gathered in the church basement on Friday evening last, after choir practice, for a social evening, when refreshments were served and games indulged in. The occasion was to bid farewell to Miss Bradbury, choir leader and sister of Mrs. Bole. During Miss Bradbury's visit here during the past year she has been of great help to the choir. During the evening Mr. Mellor made a presentation of a neat gold watch to Miss Bradbury on behalf of the young people.

Work will commence on Monday on the new brick four-roomed school to be erected here. Tenders were opened the past week and H. A. Barrow, a local contractor, was the successful tenderer. His figure was in the neighborhood of $26,000. McKnight & Frost, of Edmonton, were awarded the contract for plumbing.

As a result of representations made by the Board of Trade, a daily mail service is to be commenced on the 14th inst., over the C.N.R. from the south.

On the 12th, a semi-weekly mail service in lieu of the present weekly service, between here and Grouard, was inaugurated.

The Hackett cigar stand changed hands this week, when Mr. R. Wyssmann purchased the stock-in-trade and building. Mr. Wysmann has been here for over a year and the patrons will find the place conducted on good modern lines by the new management.

Installation of officers of Athabasca Lodge, No. 88 I.O.O.F., took place on Thursday last, D.D.G.M. Falconer being the installing officer. The officers for the next term are: P.G., A. L. Sawle; N.G., S. R. Farquharson; V.G., G. H. Bole; conductor, H. Wilson; warden, C. Royds; recording secretary, E. Mellor; financial secretary, A. T. Milligan; treasurer, J. S. Crawford; R.S.N.G., J. W. Polley; L.S.N.G., F. Stanton; R.S.V.G., H. Falconer; L.S.V.G., A. Tarrant; R.S.S., A. Parry; L.S.S., O. Mills; I.G., W. Summers, O.G., C. T. Richards; chaplain, A. S. White.

INNISFAIL.

Bulletin News Service.

The postponed garden party in connection with the Church of England was held as usual at the Grange, the residence of Mr. and Mrs. G. E. Bryan, and the weather being fine quite a number attended to participate in Mr. Bryan's hospitality as he spares no pains to make folks enjoy themselves.

Some townsfolk gave a dance at the opera house on Monday. It was in the nature of a welcome to Mrs. (Dr.) Grimshaw, who is visiting here, and who, with the Doctor, removed some time ago to Medicine Hat.

On Fair day next Wednesday there will be a benefit concert at the opera house in the evening in aid of the Victorian Order of Nurses here.

Messrs. Marshall & Shaw have been shipping quite a number of hogs this week. This firm is doing a lot of business.

Mr. Bjornsen, from Dickson, 20 miles west was in town for supplies. He reports grain and hay all good in his district. The Schwerdfeger family has come to reside in town again but has not given up their farm east of Innisfail.

A deal in town property took place recently—O. Watt, of Watt Bros., implement dealers, having bought the fine residence on Central avenue from N. H. Briggs.

A rifle match took place Friday, Innisfail vs. Penhold. This was won by the former, the result being Innisfail 606, Penhold 563. The top scores were Corporal Augerman for Innisfail 84, and Willie Whiteside for Penhold 83. Other members made good scores and the shooting was good all round.

VEGREVILLE.

By Bulletin News Service.

A meeting of the board of trade was held on Friday, July 11th.

T. H. Tierney, who has been visiting British Columbia for the past month, is home again looking in the best of health.

Dr. Goodwin, mayor, has landed in Canada and is visiting friends away east before coming home. He is expected in town in a few days.

W. A. Stickle, B.A., principal of the Vegreville school for foreigners, is paying a visit to Edmonton on his way to Calgary, and Sylvan Lake, where he will spend his vacation. At the closing exercises of the school, diplomas and scholarships were given to the successful students. Seeing the school had only been in session about four months, the progress of the students was remarkable. Twenty-three students enrolled for the first term. It is expected that the enrollment will more than double that number for the next term, which begins on October 1st. The present temporary accommodations will be taxed to the utmost. Universal commendation is given for this effort on the part of the educational authorities toward meeting the needs of the foreign population of Alberta.

Rev. C. H. Huestis, of the Lord's Day Alliance, was in town on Friday. He reports favorably of the work that is being done throughout the province. He gave it as his opinion that the country towns and districts are more careful in keeping the Lord's Day than are the two cities of Calgary and Edmonton. He gave an assurance, however, that the authorities in those two cities are waking up to their responsibilities in regard to the matter, and that future prospects are more hopeful than they have been for some time.

MILLET.

By Bulletin News Service.

Reeve Alex. Martin and Councillor P. Smith have tendered their resignations. This opens up an interesting and novel situation, as there does not remain a quorum for accepting such resignations or dealing with other council matters, and the secretary has notified the lieutenant-governor of the province, with the view of receiving advice as to procedure for securing fresh nominations.

The municipality of Millet has not yet raised the $1,500 for fire protection, authorized by the deputy minister on May 6 to be borrowed by way of debentures on bonds of $100 each.

LACOMBE.

Bulletin News Source.

The Orangemen of Lacombe held their annual parade on Sunday, July 6, and attended divine services in the Grace Methodist church.

Mrs. Urquhart and Miss Chrissie, are away on a trip to Scotland.

Miss Nettie Ross is leaving to spend her holidays at the coast.

U. S. IS CAUSE OF TROUBLE.

In Mexico, According to European Diplomats Stationed There.

Mexico City, July 15—An international complication in the relations between the United States and Mexico may result from the attitude assumed by the European diplomats stationed here. It has become known that all of them, acting in concert, have sent to their respective governments identical notes in which they declare that position taken by the United States with reference to Mexico was contributing to revolutionary conditions and suggesting that the representatives at Washington of the respective European countries be instructed to request recognition or that the United States assume responsibility for the state of affairs here.

Virginia Coal Strike Settled.

Charleston, West Virginia, July 15—It is believed that the strike on Paint and Cabin Creeks is to be amicably settled. It was learned tonight that negotiations between the coal operators and representatives of the U. M. W. of A. are proceeding satisfactorily. All is quiet in the strike territory.

PACIFICATION OF MEXICO IS UP TO THE U.S.

Europe Demands to Know What U. S. Intends to Do in Mexico

CHAOTIC CONDITIONS MUST BE REMEDIED

European Powers Might Themselves Step in and Restore Peace

Washington, July 15.—Already one of the great European powers, through its diplomatic representative here, has called the attention of Secretary Bryan to the chaotic conditions in Mexico and the effect upon the welfare and safety of its citizens there with a polite query as to what the United States proposes to do about it.

Whether the inquiry was part of the concerted movement on the part of the European powers to bring the State Department to a declaration of its purpose toward Mexico did not develop today. Reports from the City of Mexico, however, would appear to warrant that conclusion.

Until very recently President Wilson has attached little importance to rumors of outside influences being brought to bear to cause the United States to recognize the Huerta regime. It is beginning to be apparent that there must be very soon some official declaration on the subject to reassure the European powers of the protection of their citizens and subjects against pecuniary loss by the continuance of present conditions. Fearing such a declaration, some officials fear that the European powers may feel themselves free to take steps to restore peace.

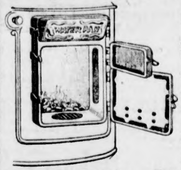
Subject is Delicate One.

London, July 15.—The statement from Mexico City regarding representations made to their respective governments by European diplomats there on the subject of the position taken by the United States toward Mexico is officially confirmed. The British Foreign Office, however, declines to discuss the matter or to express any opinion on the ground that the subject is too delicate.

C. N. R. Conductor Fined.

Regina, July 14—C. B. Wilson, former conductor of the Canadian Northern Railroad, was convicted on Saturday morning on a charge of rendering a false report on the number of passengers carried on his train June 16th, and was fined $25 and costs by Magistrate Amos, of the R. N. W. M. P.

Large Doors--Easy Firing



Look at these roomy *Double Feed Doors.* You can use a big shovel—there is no danger of hitting the sides and spilling coal all over the floor. These doors will admit a big chunk of wood too. The Sunshine Furnace is easy to operate.

Ask our agent to explain its many advantages, or write our nearest branch for booklet.

AROUND THE CITY

W. F. Stevens, live stock commissioner for Alberta, is attending the Brandon fair.

Alderman H. R. Smith is acting mayor during the absence from the city of Mayor Short.

Col. E. Maynard Rogers, commissioner for Jasper National Park, is in the city, registered at the Corona.

General Manager H. M. McLeod, of the Canadian Northern Railway, is back from the end of steel and reports that the work is proceeding satisfactorily.

W. F. Puffer, M.P.P. came into town yesterday. He stated that crops in the Lacombe district are looking very fine. He has just been as far south as Macleod and he found the crops all through the south in excellent condition.

The death occurred yesterday of May, the three-year-old daughter of Charles Mah Bing, proprietor of the Olympic Cafe. The funeral takes place this morning at eleven o'clock from McCoppen & Lambert's parlors to the Edmonton cemetery.

SCHOOL EXAMINATIONS.

The results of the examinations in the grades VIII. to XII. will be out about August 1. The examining board now sitting in Edmonton will probably complete their labors by July 28th.

SHEEP BREEDERS MEET.

Geo. T. Willingmyre has returned from Vermilion, where he attended a very successful meeting of the local Sheep Breeders' Association. Mr. Willingmyre is one of the experts appointed by the Dominion Government to assist the sheep breeders of this country

TO ATTEND SON'S FUNERAL.

Mr. and Mrs. I. Patton, the father and mother of Robert Patton, who was drowned in the motor boat disaster of June 26th have arrived in city from Blairmore, to attend the funeral of their son. Mrs. Patton is a niece of Chief of Police Carpenter. The date of the funeral is not yet fixed.

THE PRODUCE MARKET.

New potatoes were on the market yesterday from first time this season They were of the Early Rose variety, from Stoney Plain, and were worth 4c a pound, old crop being sold at 60c per bushel. There was only a small quantity of produce on offer, with no change in prices. Butter 25c to 30c, and eggs 25c.

NEW JUSTICE OF THE PEACE.

Mr. W. Barmley Hughes has been appointed a new justice of the peace in and for the province of Alberta. He is a gentleman of travel, by profession an architect and engineer, with some twenty years financial experience in the City of London, England.

Earl's Son Engaged.

London, July 15.—The Earl of Rocksavage, son and heir of the fourth Earl of Cholmondely, is engaged to marry Miss Sybil Sashoon, only daughter of Sir Edward Sashoon.

Hamburg, July 15.—The strike declared by the workmen in the shipbuilding yards here extended today to other trades and it is estimated that over 20,000 have stopped work.

CURED OF DRUG HABIT WHILE IN PENITENTIARY

West Point Graduate Pardoned in Minnesota and Will Go Into Business in B.C.

St. Paul, Minn., July 15.—Daniel F. Keller, a West Point graduate, and a member of a well-to-do American family, was pardoned by the State Board of Pardons yesterday, after having served half of a five year sentence for grand larceny. He was given his freedom on condition that he go to British Columbia and that he refrain from the further use of drugs, to which he had become addicted before the crime. Keller, while under the influence of drugs, stole a necklace from a pawn-shop here and escaped to British Columbia.

He was extradited through the influence of the United States authorities and brought back to St. Paul for trial. During his incarceration he had been cured of the drug habit and is now prepared to go into business in British Columbia, with the financial assistance of his mother.

TO CURTAIL THE EXPENDITURES BY $1,500,000

Reductions to be Made In City's Construction Program for Present Year.

Before leaving the city for Saskatoon to attend the convention of Canadian Municipalities, at which he and Alderman May will represent Edmonton, Mayor Short cabled Kleinwort's to the effect that the civic authorities would cut the construction program for this year to the extent of $1,500,000. The biggest cut will be made in the engineer's department, on which an economy of $750,000 will be effected. This cut will be made in sewer construction and latterals.

Other reductions are to be made as follows:—

Telephones	$225,000
Street Railway	$205,000
Power Plant	$130,000
Electric Light	$120,000
Waterworks	$100,000
Fire Department	$ 33,000
Stores and Works	$ 30,000

The above reductions represent a total of $1,593,000 and in round figures show the extent to which the city's work will be pruned. The commissioners state that no serious injury will be done by this reduction.

The exact figures have not been received from the engineer's department, but $750,000 is approximately the amount to which a curtailment might be effected there. The exact reductions will be probably rather under the figures quoted for each department.

MEMBERS PUT QUESTIONS AS TO RIVAL SYSTEMS

Government's Attention is Drawn to Agreement With Poulsen Company While Geo. Touche Asks Postmaster-General Why he had Kept his Negotiations Dark.

London, July 15—The desire of many members of the House of Commons to have an inquiry into the merits of the rival wireless systems was shown again in the house yesterday when numerous questions were put as to the Goldschmit system and calling the government's attention to the Canadian government's agreement with the Poulsen Company.

George Touche asked the postmaster-general why he had not thought fit to disclose his negotiations with the Canadian government to the house, and particularly any correspondence he had had with Hon. L. P. Pelletier, the Canadian postmaster-general on the matter.

Mr. Samuels, replying, said:

"Hon. Mr Pelletier informed me of the negotiations the Canadian government was carrying on, but it would have been obviously impossible for me to have communicated to the house negotiations which were still proceeding between Postmaster-General Pelletier and a commercial syndicate.

"The Canadian agreement is entirely different in character from that proposed for the imperial wireless chain. The imperial stations are to be state-owned. The Canadian government does not propose to employ the Poulsen Company to erect any station to be owned and worked by that government. The station is to be erected by the Poulsen Company at their cost, the only obligations on the Canadian government are the granting of the necessary licenses and to secure certain immunities from the Canadian patent laws relating to the manufacture of apparatus outside the Dominion and to take measures to facilitate the transmission of the company's telegrams over the land lines belonging to the Canadian telegraph companies."

Mr. Touche: "Will the right hon. gentleman consider that treating official correspondence as confidential goes a long way to impair the control of this house over matters of national importance and will he lay the correspondence with Mr. Pelletier on the table as in the case of the Goldscamit correspondence?"

Mr. Samuel: "No; the correspondence has no relation to the proposed imperial wireless chain. It was never proposed to extend the trans-Atlantic service. My correspondence with Mr. Pelletier consisted largely of criticism of certain proposals in his intended or contemplated agreement with the Poulsen syndicate. I certainly could not publish the correspondence without the consent of Mr. Pelletier."

RUSSIA HAS NEW DEMANDS.

Chinese Government Required to Recognize Autonomy of Mongolia.

Pekin, China, July 15—Rusia today presented to the Chinese government new demands requiring recognition of the full autonomy of outer Mongolia declaring China to be suzerain only binding China to accept Russian intermediate, and the recognizing all the rights conceded to Russia by the agreement and the protocol signed at Urga, the capital of Mongolia, on November 3, 1912. These four new demands are submitted by Russia in substitution for the recently proposed agreement which has not yet been signed and which Russia announces she has decided to annul.

Approve Report on Tariff Bill.

Washington, July 15—Democrats of the senate financial committee met today and approved the majority report prepared by Chairman Simons on the tariff bill. The report which will be an analysis of the general reductions will be sent to the senate Thursday. At that time Senator Simons will deliver the opening argument for the majority.

SIMEON HERMAN JANES—The wealthy pioneer citizen of Toronto who died yesterday in London. He built Bevenuto, the present residence of Sir William McKenzie.

U.S. IMMIGRANT OFFICER REFUSES ADMITTANCE

Polish Family Had Lived Eleven Years in Utica, U. S. A., But on Returning Penniless Were Not Allowed to Cross the Border.

Winnipeg, July 14—Some months ago, John and Katherina Sabik, Russian Poles, who for eleven years had lived at Utica, came here on urgent summons of Mrs. Sabik's stepfather, Wacjciech Pokosnik, who they found very sick with five destitute children on the homestead near Shortdale, Man. They put Pukosnik into a hospital and arranged for the care of the five children but the sickness and the burial of the baby made a big inroad into their spare capital and they had barely enough money to get back to Utica, when stopped by the U. S. immigration officials, who now refuse admittance.

The case has been referred to U. S. Commissioner of Immigration Clarke at Montreal, but meanwhile the family is destitute and is being looked after here by the special charities.

Sabik could not prove his American citizenship to the officers who claimed he is indigent.

Realty Broker Committed for Trial.

Saskatoon, July 15—Robert Stewart, a prominent realty broker, was committed this morning to stand trial at the next criminal assizes on the charge of altering the date on a house listing. The case is the outcome of a civil action where Stewart sued the owner for a commission on the house which the owner sold during the time that Stewart had the exclusive listing.

SASKATOON MAY HAVE STREET RAILWAY STRIKE

Men Demand Investigation of Dismissal of Chief Inspector Jack Carmichael—To try for Gas Supply.

Saskatoon, July 15—Unless the city commissioners can satisfactorily settle the trouble, with the street railway employees over the discharge of Chief Inspector Jack Carmichael, who was discharged some weeks ago, the union of street railway employees may decide a strike.

At last night's council meeting a petition was read asking for a board of arbitration to enquire into the matter and the council flatly refused such a request with the contention that it had already been dealt with and that as far as it went the affair was settled. The council then gave the matter into the hands of the commissioners, who had already reported on the matter, to find out where the trouble was and with views to a speedy remedy.

The city commissioners here have secured the services of W. R. Martin, of Medicine Hat, to make a thorough inspection of the conditions with the idea of securing a supply of natural gas for this city.

100,000 SQUARE MILES IN CALGARY DIOCESE

Bishop Pinkham in Address at Anglican Synod Declares Size of Diocese Makes it Impossible to Properly Minister to all People of Anglican Communion.

Calgary, July 15—The thirteenth Anglican synod of Calgary diocese comenced its three days' convention here today. The feature of the day's session was the address of Bishop Pinkham, who complained of facilities inadequate to cope with the large territory in the diocese. He said in part: "Our diocese has a little over 100,000 square miles but we have no record of the actual number of church people to be found in the diocese. We have, indeed, been as far as men and members will allow, pushing out in all directions, but it must be admitted that in our largest cities we do not yet know our full strength; that throughout the north there are many townships entirely beyond our ministrations and that it would take a good many more clergy than those now at work, and much more money than we at present control, to minister to every one within our borders who professes to belong to our communion, or would accept our ministrations."

Canadian Bowlers Win.

London, July 15—The Canadian bowling team after a grand reception by the civic authorities yesterday, played a team from the Edinburgh Corporation Club and Braid, beating them by eight. The score: Chapman 19, Lindsay 17, Elliott 15, T. Rennie 28, Moffat 17, Farrow 7, Temple 21, Rice 20, Noyes 20, Dr. Wood 20, Ferguson 13.

A STRAIGHT TALK

To The

Savings Bank Investor

Movement in the Real Estate world is quiet now and these conditions call for special selling systems which were not necessary when things were booming.

The result is that the small investor has to be contented with the Savings Bank or else wait years for a profit on his cheap buy. While Western Canada Real Estate is all good buying and profit is sure, this long delay reduces the actual profit because of the loss of interest in the interval.

Our proposition fits the person with the $10 or $20 bill equally with the $100 bill and the proportion of profit is the same for all.

Co-operative BUYING and co-operative SELLING is our motto, and this spells big things for you if you have the eye to see the possibilities of the system.

One of our clients, in safeguarding his interests, consulted his lawyer in our presence and the result was he invested over $1000 in the proposition and today he is one of the greatest boosters of our system.

When things are moving along briskly and sales are easy, any old style of selling is good enough to get results, but when the lean time comes the Salesman of experience is left alone in the field and he generally makes good, because he doesn't expect any results without putting some effort into his work.

Our system has been submitted to a few local experienced business men and they all endorse our opinion that it cannot fail to make good.

Your $10 bill invested in this proposition will bring you two, three and even four times the amount back in profit in the course of the next few months and your liability is strictly limited to the amount of your investment.

Get busy with that letter and get in touch with us at once and then its up to you to size up our proposals for yourself and we are satisfied you will admit the goods are there all right.

Neglect to avail yourself of this opportunity places you in the same position as the man who failed to grasp his chance of buying Revenue producing locations a few years ago for a small amount and now has nothing but regrets for his lack of foresight and belief in the opportunities of the West.

Our business reputation will bear the strictest investigation and our record of success in the last six months will show you that notwithstanding the tightness of money we can sell.

In conclusion, remember, its the $10 bill we are after just as much as the larger amounts. Don't pass this chance over imagining that it is not meant for you. IT IS. We have a good thing to offer and the more people we can interest the better we shall be pleased because it means greater business connections for us in the long run.

The soundness of our proposition has already been endorsed by a number of shrewd local business men to the extent of over $5000.

20,000 PEOPLE ATTENDING THE DOMINION FAIR

Big Exhibition Formally Opened by Sir Rodmond Roblin, Premier of Manitoba

NEW BUILDINGS HAVE COST NEARLY $750,000

Race Program Embraces Purses Totalling $20,000—Judging to Commence Thursday

Brandon, July 15.—In the presence of an assemblage estimated at between 15,000 and 20,000, Sir Redmond P. Roblin, Premier of Manitoba, formally declared the big Dominion fair open at two o'clock this afternoon. The formal opening took place under the most favorable auspices. The weather was of the real exhibition variety, not a cloud marring the sky. In addition to the address delivered by the Premier speeches were also delivered by Hon. G. R. Coldwell, Minister of Education; J. A. M. Aitkins, K.C., M.P.; Hon. Geo. Lawrence, Minister of Agriculture; Mayor Fleming, and members of the fair directorate

Importance of Fair.

The remarks of the Premier as well as of the other speakers dealt chiefly with the importance of the Dominion Fair to not only this city and to the West, but also to Canada generally. The great benefit to the farmers, business men and citizens generally derived from the holding of the big gathering was referred to, and very flattering comment on the preparations made by the directors for handling the immense influx of visitors.

Great Crowd for Opening.

This morning the grounds were filled with a great crowd of eager sight-seers, awaiting the formal opening of the exhibition. Every train arriving in the city today has brought in hundreds from all parts of the Dominion. All the railways running into the city have special rates in effect for the big fair, these rates being good from one end of the Dominion to the other.

Though all the hotels have made arrangements for accommodation of the crowd, every hotel is already crowded. The city, however, has taken the task of providing accommodation for the thousands who will arrive here in the next few, days in hand, and no trouble is now anticipated in this direction.

$750,000 in Buildings.

In order to provide accommodation for the great increase in exhibits natural with the holding of the Dominion Fair here, the directors this year have also erected several new structures, the whole representing an expenditure of nearly three-quarters of a million dollars. One of these new buildings is the fine, handsome $50,000 fireproof grand stand, admitted to be one of the most modern structures of its kind in the Dominion. Another improvement carried out this year is the new race-track, which is said to be one of the finest in Canada.

Judging does not commence until Thursday, and the race program, which has a total purse of over $20,000, starts tomorrow.

CHARGED WITH SPEEDING AT 30 MILES PER HOUR

Constables Duclos and Fraser Testify That Harry Thaulaw Travelled at That Rate on Kinistino Avenue—Charges Against Dr. Montgomery Dismissed.

Speeding at the rate of thirty miles an hour along Kinistino avenue was the charge brought against Harry Thaulaw at police court yesterday morning, and evidence was given by Constables Duclos and Fraser of timing the defendant's car as it sped down the road. The case was adjourned to July 16 for the attendance of witnesses for the defence. The cases of J. Kerr and R. Tibbs, charged with the same offence were also adjourned to the same date.

The conclusion of the Montgomery case, which had already been virtually disposed of by the dismissal of a similar charge came up yesterday morning when the charges against Dr. R. G. Montgomery of practising medicine and midwifery unregistered were withdrawn by the prosecution.

Twelve overnight revellers passed sadly before and emerged from the court $4 the poorer.

Four storekeepers who had omitted to see that their awnings were seven feet six inches above the sidewalk had caught the eye of Constable Gudgeon, and were disposed of as follows:

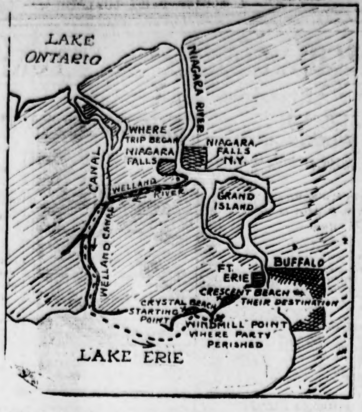
Robertson Safe Co., adjourned to July 18; Lee Chung, fined $5 and $2.25 costs; Gee Mah Wing, fined $5 and $2.25 costs; and N. Mark, $5 and $2.25 costs.

Peter Holochuk, charged with immorality, was committed for trial.

Price Assistant General Manager.

Montreal, July 15—Alfred Price, lately general superintendent over the Calgary division, has been appointed assistant general manager of Eastern lines. The position of general superintendent of transportation has been abolished and Charles Murphy, who previously held that position, leaves for Winnipeg immediately to take up the position of general superintendent of the Manitoba division.

A man 5 feet 6 inches in height should weigh 150 pounds at 40 years. The average for a woman is 143.



SCENE OF CANOE TRAGEDY ON LAKE ERIE, when five Toronto University students were drowned while on a canoe trip. They struck a fierce squall and all the canoes were overturned, resulting in the drowning of five. Five were saved.

MULHALL CONTINUES REMARKABLE STORY

Professional Field Agent, Strikebreaker, Lobbyist and Political Worker for National Association of Manufacturers Occupies Stand for Six Hours.

Washington, July 14.—Martin M. Mulhall, professional field agent, strike breaker, lobbyist and political worker for the National Association of Manufacturers, continued today his remarkable story before the Senate lobby investigation committee. Mulhall was on the stand for six hours. In that time nearly six hundred letters, telegrams and scraps of memorandum were identified by him with hardly more than a glance. He remembered the first names of members of Congress, of lesser politicians, of labor leaders and underlings of secretaries to Congressmen, and of the men he had worked with through a year of most active campaigning in many parts of the country. His performance seemed so remarkable to the lawyers present that they sat all through a long day intently watching the witness and listening closely to the letters and every word that the witness uttered in the cross-examination that accompanied some of them.

The Senate committee devoted itself today largely to reading into the record the tale of Mulhall's political activities. There was an occasional reference to strikes, in which the "lobbyist" had figured, and an allusion now and then to the inside workings of the labor unions, but for the most part it was a story of politics as Mulhall played the game. Mulhall's correspondence told of the efforts to re-elect former Congressman Littlefield, of Maine, and defeat the present representative from that district, Daniel K. McGillicuddy. Littlefield was to be supported by the National Association of Manufacturers because of his stand against labor legislation. Mulhall said, on cross examination, that he had been told that $60,000 was spent in that campaign. Littlefield was beaten.

Mulhall's letters went into detail concerning the campaign he made in Maryland to beat former Congressman Pearre, of Cumberland. Pearre was author of an "injunction bill" against Mulhall. Their agent went out to get his scalp.

Just before the committee adjourned the letters began to show Mulhall's activities after Marshall Cushing, the secretary of the association, with whom he had corresponded so long, had resigned.

"Cushing resigned," Mulhall declared, "because he said no self-respecting politician could report on lobby work."

Some of the letters later in the day showed that Mulhall had been known to the late Vice-president James Sherman, who, in 1907, was chairman of the National Republican congressional committee.

On the House side today the Garrett committee heard one witness, Representative Geo. Fairchild, of New York, and recessed for an indefinite period to take up the study of the Mulhall letters furnished by the Senate committee and to consider documents to be presented by the National Association of Manufacturers to answer to a subpoena duces tecum served on James A. Emery, attorney for the Manufacturers' Association. The study and arrangement of these documents will occupy the time of the committee for a number of days, Chairman Garret said, and no witnesses would be examined until it had been completed.

Representative Fairchild was sworn to allow him to make a statement in answer to Col. Mulhall's charge against him. He denied that he was a member of the Manufacturers' Association or an adherent of the association. He said he never had been approached by any members or representative of the association relative to any measure pending in the House.

Toronto Man Chess Champion.

Winnipeg, Man., July 15.—Morrison, of Toronto, retains the championship chess title and wins the Drewry challenge trophy.

STREET CAR SERVICE BADLY DEMORALIZED

Freight Car Derailed at Athabasca Avenue "Y" Early This Morning—Cars Had to be Backed East on Jasper to Namayo and Syndicate Avenues.

The city street railway service was disorganized for a matter of three hours yesterday a.m. as result of the big freight car being derailed on the "Y" at the corner of Athabasca avenue and Twenty-fourth stret. The car, loaded heavily with brick, had just got on the "Y" rail when the track, which is of a temporary nature, owing to the paving which is in progress on Twenty-fourth street and Athabasca, gave way beaneath the car, the recent heavy rains having undermined the track.

The rails were damaged in such a way that it was impossible to move the car either backward or forward, and none of the cars running between 24th and Namayo and Syndicate could turn round and had to be operated backwards from Twenty-fourth street to Sutherland street. This involved a great deal of delay and inconvenience, as the cars were unable to travel at anything like the usual rate of speed.

ELECTRICAL WORKERS' STRIKE DRAGS ALONG

Neither the Men Nor the Employers Appear Disposed to Recede From Attitude Taken at Outset—Trades and Labor Council Takes Hand.

Matters in connection with the electrical workers' strike in this city remain unchanged, each side adhering firmly to the attitude which it adopted at the beginning of the trouble. With a view of attempting to bring the parties into line for negotiation, the Trades and Labor Council have appointed a committee of business agents of the larger building trades to discuss the matters now in dispute between the electrical contractors and the workers, and a letter has been forwarded to Mr. A. O. Wetmore, secretary of the Builders' Exchange, asking that a meeting between the committee and the association be arranged.

Owing, however, to the absence of Mr. A. M. Frith, chairman of the Electrical Contractors' Association, who is at present confined to his home through illness, the Builders' Exchange is unable to take any action in the matter. On Mr. Frith's return to business, the letter from the Trades and Labor Council will be laid before a meeting to be called for the purpose. It is unlikely, however, that any results will be obtained by the conference between the two bodies, as it is understood the Employers' Association is determined not to recede from the position first taken up by it.

CHILD DIED FROM SULPHUR POISONING

Seventeen-Month-Old Son of R. E. Hibbs, Wetaskiwin, Ate Sulphur Matches and Succumbs as Result—Parents Did Not Know What Child Had Taken.

Bulletin Special.

Wetaskiwin, July 15.—The sympathy of the community is extended to Mr. and Mrs. R. E. Hibbs, east of the city, in the loss of their little son, aged seventeen months, from sulphur poisoning. On Wednesday last the little fellow developed a fondness for sulphur matches, and, unknown to the parents, procured a number from the match-box and devoured the sulphur.

Although he became ill shortly afterwards, the parents, who were not aware of what the little fellow had done, did not consider anything serious was the trouble, and did not consult a physician until Saturday, after the patient had developed serious symptoms. It was of no avail, however.

BIG LEAGUE SCORES

BY BULLETIN LEASED WIRE

NATIONAL LEAGUE.

Giants Raise Pennant.

New York, July 15.—New York raised its national league pennant today and celebrated it by taking its eighth straight game from Cincinnati 4 to 2.

Score:		R.	H.	E.
Cincinnati	000,002,000	2	11	1
New York	001,001,002	4	14	1

Brown and Kling; Mathewson and Meyers.

Brooklyn Also Has Flag Raising.

Brooklyn, July 15.—The Brooklyn club celebrated the completion of Ebbetts field with dedication day ceremonies today, observing all the features of an opening day. There was music, a parade of the players and the raising of a flag presented by the National League. Chicago won the game 9 to 6.

Score:		R.	H.	E.
Chicago	010,310,400	9	10	1
Brooklyn	000,003,002	6	6	4

Cheney and Bresnahan; Stack and Fisher.

Phillies Won in the Tenth.

Philadelphia, July 15.—After Pasker had prevented a run in St. Louis' half of the tenth inning by a sensational catch of Konetchy's low liner, Oakes tried to repeat the performance on a drive by Lobert in the Phillies half with no result. Oakes missed the ball by a few inches and it rolled to the bleachers and Philadelphia won.

The score—		R.	H.	E.
St. Louis	000,101,000,0	2	10	0
Philadelphia	000,000,101,1	3	9	3

Burns, Salle and Wingo; Chalmers, Brennan and Kilifer, Howley.

Rudolph Blew in the Eleventh.

Boston, July 15.—Rudolph pitched a fine game for Boston until the eleventh inning today but he blew up then and Pittsburg batted hard and won.

The score—		R.	H.	E.
Pittsburg	001,100,000,04	6	13	1
Boston	100,010,000,01	3	10	3

AMERICAN LEAGUE

Ed Walsh Back in the Game

Chicago, July 15.—Pitcher Ed Walsh returned to the game today. The first time since June 26 when he was forced out of the pastime on account of illness and Chicago won from Boston after ten hard fought innings.

Score—		R.	H.	E.
Boston	001,000,000,0	1	7	4
Chicago	000,010,000,1	2	5	5

Leonard and Thomas; Walsh and Schalk.

Plank Strong in the Pinches

Detroit, Mich., July 15.—Eddie Plank was unhittable when Detroit had men within scoring distance of the plate, and Philadelphia won the final game of the series today.

Score—		R.	H.	E.
Philadelphia	001,122,100	7	11	2
Detroit	000,000,000	0	9	3

Plank and Lapp; Hall, Scamlock and Stanage, McKee.

Browns Made It Three Out of Four

St. Louis, Mo., July 15.—"Lefty" Hamilton was almost invincible this afternoon while Keating was wild and ineffective at critical stages, St. Louis winning from New York and making it three out of four games.

Score—		R.	H.	E.
New York	000,000,000	0	5	1
St. Louis	110,000,010	3	5	0

Keating and Smith; Hamilton and Agnew.

Only three American games today.

NORTHERN LEAGUE.

A Twelve Inning Tie.

By Bulletin Leased Wire.

Winnipeg, July 15.—Winnipeg and Winona battled eleven innings to a tie here tonight, the contest being called on account of darkness after each team had scored two runs. Corbett outpitched two Winona twirlers, holding the visitors to five hits, but three of them were bunched for two runs in the seventh. In the first six innings only 18 men faced Corbett. Errors lost the game for the visitors in the ninth when two errors and the wild pitch gave the Maroons the tying tally. It was the fastest game played here this year.

Score—		R.	H.	E.
Winona	000,200,000,00	2	[illegible]	2
Winnipeg	100,100,001,00	2	7	1

TO SECURE MUSIC FROM ANY AVAILABLE SOURCE

Trouble Arises Over Local Union Objecting to Outside Bands from Taking Part in Music to be Furnished at Regina Fair.

By Bulletin Leased Wire.

Regina, July 15.—The Regina fair board will secure music for the exhibition from any available source. Such was the decision at a special meeting of the board held yesterday afternoon to consider the difficulty in securing bands for this year's fair. The board has refused to become involved in any labor dispute as regards the merits or demerits of the case.

"It is something that will have to be settled between the leaders of the various bands," said the chairman of the attraction committee in submitting the report to the full board yesterday. "But in view of the action taken by the local union in prohibiting foreign bands from appearing here we will have to secure non-union bands from this city or anywhere we can get them."

"The recommendation of the attraction committee follows: "Having in view all the circumstances as we found them, we beg to recommend: That bands outside the city be used for the musical program and if the council of the local union will not permit the engagement of outside union bands that we engage bands from any available source."

TWO NEW C. P. R. STEAMERS IN PACIFIC NEXT YEAR

Toronto, July 15—Assistant Passenger Traffic Manager Geo. Wells of the C. P. R. in Toronto today said:

"The C. P. R. will place two new steamers on the Pacific next year."

He also stated that a number of new stations would be opened west of the Winnipeg terminus.

BANDIT MAROONED ON ISLAND ON B.C. COAST

Patrol Boats and Cutters Are Guarding Coast While Deputies Are Preventing Him From Obtaining Food From Settlers—Capture Thought Matter of Time.

By Bulletin Leased Wire.

Vancouver, July 15.—One of the bandits charged with robbing two Royal bank messengers near Cumberland, B. C., July 5th, and who since escaped to the San Juan Islands in the Gulf of Georgia, and engaged in a pistol fight with officers and posses, appears to be marooned on Shaw Island, in the center of the archipelago and his capture or death is but a matter of hours.

Three Canadian police patrol boats and the United States revenue cutter Arcata are patrolling the island while every small boat has been seized and put under guard.

No boats are permitted to leave the island without examination. Posses are beating the brushes for the fugitive who is unable to secure food from the beach while deputies are preventing him from securing food from the settlers. Officers are of the opinion that hunger will force him into the open soon.

The man-hunt is directed by Canadian officers, Pinkerton detectives and Sheriff Boyce of San Juan county.

THREATENED WITH INJUNCTION.

St John, N.B., July 15.—The city of St. John is threatened with an injunction if further steps are taken to put in effect the plans for the erection of an hospital for patients in advanced stages of tuberculosis. There is no provision for such cases as they are not admitted to either provincial sanitariums or the general hospital. The trouble has arisen over the site selected, property owners in that district objecting to the erection of the hospital.

PITCHING BY FORD TOO MUCH FOR EDMONTON

Former Edmonton Player Started Weak But After First Inning Almost Invincible

y Bulletin Leased Wire.

Saskatoon, July 15.—Stellar pitchng by Walter Ford with bunched hits roved too much for Edmonton tony, the Quakers winning, 3 to 1. Ford started poorly. He issued a pass n the first session and was found for single in that session and another n the second. After that he showed reat form and had the game well in and. Only one hit was made off him fter the second, a triple by Redmond n the ninth. Ford struck out nine nen, passed two and hit one with a all in four innings, with men on ases, he saved the situation via the trike out route.

Biersdorfer pitched good ball for ive innings, but weakened in the ixth, failing to recover himself. His lants were touched for eight hits, ll singles but one. Bad bounces over ielders' heads were responsible for wo.

A walk, a sacrifice and an error rought in Edmonton's only run in he first. Two singles, an error and long fly tied the score in the sixth. Three singles, three stolen bases nd a long fly over centre field netted he Quakers a pair in the eighth.

CHEAP RATE TO CALGARY MAY BE ABANDONED

Owing to the lack of interest shown so far in the football excursion to Calgary on Friday night in connection with the inter-city game, the Edmonton Association Football league executive has decided that unless enough tickets are taken up by tonight (Wednesday) at 9 p. m. they will, be reluctantly compelled to cancel any arrangements which have been made for the cheap rate. All these selling tickets will please report to Tom S. S. Davies, phone 4939, by that time, or at Diamond Park during the football game.

MANNING WAS SACRIFICE FOR MOOSE JAW

Eleven Runs Were Gathered Off Him in One Inning Last Night

Moose Jaw, July 15.—Superb pitching by Lefty Concannon and tremenduous hitting by himself and teammates complete snowed the Red Sox under here tonight, the locals winning 15 to 2, after seven and half innings had been played.

Concannon twirled a great game allowing the visitors but three scattered hits and walking but one man. Manning, who opposed him, lasted well for six innings and also had great control but afterwards blew up and went clean out of sight.

It was the lucky seventh in which the locals did all the damage. They pounded Manning for ten hits, one of which was a three bagger, three others being doubles. Never before has such hitting been seen on a local diamond.

Eleven runs came over before the Sox were able to stop the slaughter, and after Regina had been retired in the eighth they gave it up as a bad job and left the park.

The visitors scored their only runs in the first on a passed ball, a wild pitch, stolen base and a single by Williams. After this they never got a man past the initial cushion, while the locals' swatfest went merrily on.

The score—											R.	H.	E.
Regina	2	0	0	0	0	0	0	0	0	—	2	3	4
Moose J.	1	0	3	0	0	011	0			—	15	17	3

Batteries—Manning and Dugan; Concannon and Moore.

FREDDIE WELSH AND DUNDEE ARE MATCHED.

Los Angeles, Calif., July 15.—Johnny Dundee, the lightweight who recently jumped from the featherweight division was matched today to fight Freddie Welsh, the British champion, 20-rounds at Vernon either August 15 or Sept. 15. He wired from Edmonton, Alta., accepting terms.

Murphy to Succeed Quinn.

Toronto, July 15.—At the meeting of the big four tomorrow the resignation of Percy Quinn, of the presidency, will be accepted and Jimmy Murphy elected in his stead if he wants the job.

FREE FOR ALL AT WINNIPEG GREAT RACE

Was Won by Hal McKinney From Dr. B. P. After Six Heats

By Bulletin Leased Wire.

Winnipeg, July 15.—The free-for-all, which featured the seventh day of the racing at Exhibition track, was the best race even seen in Winnipeg. Excitement was aroused to fever pitch, for after five heats had been run Hal McKinney and Dr. B. P. were still tied for first place with two each. A sixth and final heat was therefore run off between the two which resulted in Hal McKinney, by judicious driving, getting in ahead of the Doctor, who had made the running. Aleyfras put up a magnificent performance in the third heat, leaving the cracks three lengths behind at the post.

The consolation running races saw extra big fields out, spectacular finishes, and the defeat of the favorites. Jack Lamar, at 3 to 1, won the sprint, Georgia Shand, at 4 to 1, won the mile. The track was fast, the day being perfect and the crowd was the record for the exhibition this year.

SPORT FROM ALL ANGLES

Edmonton took a tumble into the cellar yesterday as a result of the defeat received at the hands of the Quakers last night. The Birds have been hovering around last position all season but this is just about the first time they have had it all to themselves.

The Birds are evidently having a tough time of it on the road. The following telegram received from Manager Redmond last night is self-explanatory: "Infielder Ruell has joined club. Don't expect to win a game here with Taylor umpiring." Evidently Umpire Taylor has it in for the Birds. On his last appearance here he gave one of the rankest exhibitions ever witnessed on the local lot. He was raked over the coals by the players, fans and the local scribes. There was a threatening demonstration against him at the conclusion of the game. After this President Gray kindly removed him from the danger zone. Taylor probably has a vivid remembrance of this contest and there is evidently no love lost between players and umpire.

The arrival of Infielder Ruell should help a whole lot. He comes from the Tacoma club of the Northwestern league and will be used at third base while O'Brien will hold down shortstop. This will give Jack Clayton a chance to get back to the mound duty where he is greatly needed as for the past two weeks the team has been stumbling along with three pitchers.

Another team to hit the incline yesterday was the Regina Red Sox, who dropped to fourth place as a result of the terrific drubbing received at Moose Jaw, and once more the W. C. L. standing looks a little more familiar with Regina and Edmonton down near the cellar. Moose Jaw still occupies the top rung of the ladder with Medicine Hat right at their heels. Calgary is coming fast and should be in second place in a day or two.

Next week's big football game in Calgary is arousing considerable interest among local soccer fans. Inter-city contests of any kind can always be calculated to bring the enthusiasm to fever heat. The excursion train to Calgary on Friday night should be crowded with football enthusiasts. The cheap rate of $4.35 return is sufficient in itself to induce many to take the trip. A large number of baseball fans will also likely make the trip, as Calgary and Medicine Hat play a double- header on Saturday afternoon.

Alberta will be well represented at the Dominion championships in Vancouver in September. The E.P.A.A.A. has already signified its intention of sending three men to the big meet while the Y.M.C.A. can also be relied upon to send several men. The Police have two long distance runners and a weight thrower entered while the Y.M.C.A. will likely send a sprinter. Decoteau, Wuttence and Roberts should give a good account of themselves, while Sheppard, if he makes the trip, should have an excellent chance in the sprints.

Fame is a wonderful thing. Some people are born famous. Others have it thrust upon them. One sure way of gaining fame in these degenerate days is to write newspapers stories and sign your name or write under a non de plume. It makes no difference whether you can write or not some papers will stand for it. The writer has been dubbed the "nameless wonder" by the scribe, on the Saskatoon Phoenix. Perhaps when we have attained the distinction and reputation of "Pard" we will choose the same easy route to fame.

GEORGE MULLIN, the veteran Detroit pitcher, once the mainstay of their team, who has drifted back to the minors. He goes to Montreal in the International League. He has been with Connie Mack's Athletics, but failed to make good there.

STAHL SEVERS CONNECTION WITH BOSTON

Bill Carrigan Succeeds as Manager of World's Champion Team

By Bulletin Leased Wire.

Chicago, July 15.—"Jake" Garland Stahl was ousted as manager of the Boston Americans today by Jas. McAleer, president of the club. Though differences, amounting to a serious "misunderstanding" with McAleer, were rumored as causes of Stahl's release, both the manager and president insisted that the demand of the stockholders for a "playing manager" was the motive. Stahl's leadership technically included today's game. Tomorrow catcher Wm. Carrigan will assume charge of the team.

Boston, Mass., July 15.—The announcement that Manager "Jake" Stahl of the Red Sox, would sever his connection with the team which he led to a world's championship last season, was not unexpected here.

Close followers of the falling fortunes of the Red Sox this season had been led to look for some such development as a result of a disagreement between President James R. McAleer of the Boston Club, and Manager Stahl. The basis of this disagreement according to some of their associates, was the reported desire of Stahl to supplant McAleer as president.

Bill Carrigan, who succeeds Stahl as manager, had a reputation around the American League circuit as one of the leading baseball strategists among active players. He is 29 years old and a native of Lewiston, Maine.

GRAND CIRCUIT RACES ARE AGAIN POSTPONED

By Bulletin Leased Wire.

Pittsburg, July 15.—The grand circuit races were again postponed today because of the heavy track conditions and frequent showers. An attempt will be made to start the week's program tomorrow and that all the races carded might be run off, an entire change of program has been arranged, carrying the racing through Saturday.

CALLIES DEFEATED STRATHCONA 1 TO 0

The Strathcona football team threw a big scare into the Callies' camp when these two teams met in a senior league fixture at Diamond Park last night. It was only after the hardest kind of a battle that the champions managed to win out from the tail enders by a score of 1 to 0. Neither team had scored at half time, but the Callies just managed to notch the only goal of the game in the second period. The South Siders missed a goal in the first period by the hardest kind of luck. The ball struck the goal post, missing the net by inches.

Belmont Park Races.

Belmont Park, July 15.—Following are results of today's races:

First race, 3 year olds and up, mile.—O'Em won; Beachtop second; Little Jupiter third. Time, 1.41 1-5.

Second race; 5 1-2 furlongs—Flittergold won; Surprising, second; Uncle Mun, third. Time, 1.06.

Third race; 2 year olds, 5 1-2 furlongs, straight—Roamer won; Del second; Gallop third. Time, 1.07.

Fourth race; Garden City Selling Stakes, for 3 year olds and up; mile and sixteenth — Donald Macdonald won; Oakhurst second; Perthshire third. Time, 1.46.

Fifth race; steeplechase, four year olds and up, two miles and a half—About-Web Carter won; Jim Hanson second; Rocky Abbey third. Time 54 4-5.

Sixth race, for 3 year olds, six furlongs, main course—Montressor won; Time, 1.13.

Players Are Opposed.

New York, July 15.—President David L. Fultz, of the Baseball Players' Fraternity held a conference with members of the Cincinnati Reds and the Chicago Cubs. Fultz has been holding these conferences with all the Western teams of the major leagues as they have visited this city.

The Reds and Cubs were informed that the fraternity would soon be asked to take a firm stand on the question of the reduction of salaries of players.

Fultz declared, it is said, that the fraternity should demand legislation from organized baseball that would make it impossible to cut a player's salary in mid-season. He argued that if a minor league club refused to pay a major salary, club releasing a player to a smaller league should be forced to make up the difference.

Fultz believes that in due time the fraternity will become so formidable that the major league club owners will be forced to recognize its demands.

BATTING OF SKEELS FEATURE

Former Edmonton Outfielder Materially Helped Calgary to Defeat Hatters

Medicine Hat, July 15. — Lind's curves were not breaking very good today and the Bronks located him for 16 hits. This, combined with poor support in spots, gave him a loss and Frink a win. It was not a first class game but at times some really brilliant work was pulled off. Julius Streib of the Bronks played a great game, having sixteen put-outs without an error. Some of the Bronks who for some time past have not been hitting the ball seemed to hit their stride. Especially was this true of Skeels, late of the Eskimos, who has not hit well in some time. He had four hits in five times up. Hollis also hit well. A catch by Harris and Daniels in the outfield were the features of the locals' play.

Three hits and an error gave the locals two in the first, while the Bronks, though they got three men on on two hits and two errors, were unable to score. They got one in the first on a walk, single and Frink's sacrifice fly and another in the fourth on a single, two fielders' choices and a single. A double and triple by Streib and Vivian respectively gave them another in the sixth. The Hat made its third and last score in the seventh on three singles, a fielder's choice and an error. Calgary got two in this session on three hits, an error and a fielder's choice. A single, double and a sacrifice gave them one in the last inning.

Score—		R.	H.	E.
Calgary	010,101,201	6	16	2
Medicine Hat	200,000,100	3	9	4

Frink and Roche; Lind and Bliss.

CARNEY DL 1430

Next Monday will appear a plan giving you accurate imformation as to the location of

"CARNEY ADDITION"

IN FORT GEORGE

Up to the present time the most of the development has taken place in District Lot 937, which lies on the Nechaco river front and adjacent to the railroad property. Central avenue is already firmly established as a business centre, and here the hotels, retail shops, stores and banks are located. Fraser avenue divides D. L. 937 from the railroad property, and as a business street bids fair to become second in importance only to Central avenue, for it extends from the Nechaco river to the Fraser river, and will undoubtedly have steamboat docks at each extremity.
South Fort George can grow only westward, and on the proposed plan of the subdivision of the G. T. P. property the important streets run into Fraser avenue at or near Carney, furthermore, property over two miles further out than Carney has been subdivided into town lots and is now selling. Considering, then, that Carney is in the direct line of present growth and development of the business section of Fort George, and likewise, South Fort George, and lies adjoining the G. T. P. property, the important streets of which lead to Carney, you will readily see that Carney is the best buying in Fort George today, and your last chance to buy "Inside Property" direct from the owners at "before the railroad" prices. Watch this space.

Around the City

Hon. C. R. Mitchell, minister of public works returned from Athabasca on Tuesday.

A party of twenty well-to-do farmers and their families, from Iowa and Nebraska, left yesterday for Athabasca en route to the Peace river country, where they will make their future homes. W. L. Downing, of York, Nebraska, who is in charge of the party, says a large number of others from the same district are expected to follow.

Professor W. R. Simpson, second assistant curator of the Smithsonian Institute, was in the city for a few hours yesterday on his way to Vancouver. Professor Simpson paid a visit to the parliament buildings and to the universities on the south side of the river, and expressed himself as astonished at the educational progress which is being made, not only in Edmonton, but throughout the entire west.

Corporal La Nauge, recently in charge of the police department at Fort Smith, arrived at Athabasca on Saturday last. He reports good conditions as to health, weather and trade at northern points. He reached McMurray by H. B. steamer, and from McMurray walked to House River and Pelican Rapids. From Pelican Rapids he reached the Athabasca by motor boat.

Charles Stewart, formerly of Dubuque, Iowa, but who has been residing near Leduc for the past three months, has been notified that he has been successful in passing the examinations for the Carnegie Magnetic survey work and will leave today for New York where he will report to the headquarters of the institute for instructions.

It is expected that the interior of the new parliament buildings will be completed by the end of this month.

Carrying with them samples of piratic cooper ore taken from a ledge which they have located in the Omenica country, J. A. Weston and Hugh McDonough, who have spent the last 14 months in that country are in the city en route to their home in Iowa.

Both men are emphatic in their belief that there is a mineral country of untold wealth in the watershed of the Omenica river, on the British Columbia side of the line beyond Pine Pass.

TO SUPERINTEND SHIPMENTS.

E. Tait, of Vancouver, manager of the Athabasca Oil company, went north on Monday to superintend the shipment of several scow loads of supplies to the company's drilling rig, operating ten miles below Fort McKay on the east bank of the Athabasca. Drilling operations will be actively resumed as soon as the scow and supplies reach the scene of operations.

DEFERRED ELECTION JULY 30.

The deferred election in Athabasca constituency will be held on Wednesday, July 30th, with nomination day just one week earlier, Wednesday, July 23rd. These dates have been decided upon by the returning officer in whose hands the decision as to when the election should be held had been left. The candidates in the field are Hon. A. G. MacKay, Liberal, and Mayor James Wood of Athabasca Conservative.

MONTREAL MAYOR IN CITY.

Mayor L. N. Lavellee, of Montreal, was a visitor in Edmonton for a few hours yesterday as a part of his trip through the west. As president of l'Alliance National, a mutual benefit society of which there are many members in Edmonton, he was the guest of honor at a reception which was held in the hall of St. Joachim's church at 8.30, when a very large number of the French-Canadian residents of the city met.

H. B. CO. STORES PICNIC.

The employes of the Hudson Bay company stores will hold their annual picnic today at Wabamun. It is expected that there will be between one and two hundred present.

The excursionists will leave the city by special train in the morning at 8 o'clock for Fallis. The company has arranged to have eight launches and a large number of row boats waiting at Fallis to take the picnicers across the lake to Leo's Beach.

The day will be spent in boating on the lake, enjoying acquatic pastimes, or taking part in the excellent program of sports which has been arranged. The hall at Leo's Beach has been obtained for dancing, and should the weather prove unfavorable, the hall will be pressed into service.

Following are the program of sports:

100 yards dash, (ladies); 100 yards dash, (gents); skipping race for ladies; skipping race for gents; three-legged race; relay race; high jump; egg and spoon race; thread the needle race; two steps and jump; sack race; tug-or-war, (ladies); hop, step and jump; wholesale and retail (tug-of-war); swimming; boat race.

Patton, MacLeod; F. Lind, Spokane; W. Broderick, Neepawa.

Around Corridors

D. P. Richardson, late of the Consolidated Stationery Company, of Winnipeg, is in the city and will in future be connected with the firm of Clarke Brothers and Co., Ltd., of Edmonton and Winnipeg.

* * *

Mr. and Mrs. Milne, of Columbus, O., have arrived in the city on their way to Pocohontas, Alberta, to pay a visit to Mr. M. C. Milne, manager of one of large mines in that vicinity. While in the city they are guests of the Royal George.

* * *

A. Watt, proprietor of the Alberta Hotel, Vermillion, is a guest at the Royal George. Mr. Watt is very optimistic for the garnering of a great crop in the Vermillion district this year. Weather conditions so far have been most excellent and with the high price that wheat reached last year the farmers in that district have put under cultivation considerable more ground than the previous season.

* * *

Morris Winter and Bert Evans, of Langdon, North Dakota, are in the city on a tour of inspection of Northern Alberta, and will likely settle here in the near future. The gentlemen like many other Americans of capital, have been attracted to western Canada by the glowing accounts, which have been sent forth in the last couple of years. Both have had long experience in stock ranching and farming on the larger scale in the Dakotas and during their trip have been struck with the immense possibilities this country offers.

* * *

"There seems to me to be a great need and an opening in this city for a bonding security company on lines similar to those of Montreal and other eastern cities," said Mr. T. L. Roberts, a Toronto financier, in conversation at the Corona Hotel last night.

"Since my arrival here a few days ago I see several large steel structures upon which work is temporarily suspended on account of the present money market, I suppose. As you know there are in this country and Europe large amounts of money held both in chancery and by large investment companies that can only be placed in the most conservative investments. Money such as this could be well invested both in this city and others where large amount of building is now being done.

"Before a building is erected the architect and contractor have figured nearly its exact cost and also its amount of revenue it will produce when built. In most cases in newer cities a large amount of the floor space is taken for offices before the building is erected. In this way a bond company know just where they are in the matter of risk. The money could be deposited in a local bank and the building, no matter what the state of the money market, would be rushed to completion and no tie ups would occur.

NAVAL UNIFORM IS NOT HONORED IN THE WEST

This is Complaint of Men Who are Retiring From Canadian Naval Service and Returning to Their Homes in England.

Montreal, July 15—The contingent of forty marines, who have just quit the cruiser "Rainbow," on the Pacific coast, and who sailed for England last night in the Royal Edward, will undoubtedly give the Canadian naval service an advertisement of some sort, forcible in terms as is the habit of sailors, but it is to be feared that the advertisement, while gratuitous, will not be so favorable as to cause a rush of recruits to fill their vacated places.

As seen on board they looked genuine British jack tars and they were every one of them proud of wearing the uniform, which some of them still retained, although they were going home on pension after three years here and twelve years in the Imperial fleet. But their first grievance was that the naval uniform was looked down upon in Canada, though they spoke of the West, admitting that they had only sampled Montreal for one day.

"People in the West look down upon us for wearing this," said one of them, touching his coat. They seem to think we are in a class all to ourselves and that we will contaminate them. At home it is just the opposite, as the ordinary Englishman honors the military and the naval uniform. But why people here should be ashamed to be seen talking with the men who defend their shores it is most difficult for us to understand."

One of the officers, who was quietly smoking strong shag as he leaned against the ship's bulwarks, was highly ironical in tone at first when he was asked about the Canadian navy.

"Oh, everything was fine; the vessel was splendid; the food good."

"Yet you are going home after three years of it, and you do not intend to return or renew your contract with the Canadian government?" was the query of the interviewer.

Something in the language and accent of the questioner brought out a full change of front, and the officer told his tale of woe.

He was going home after three years because he was disappointed with the service. Promises made at the time the three years' agreement was entered had not been kept by the government. The pay was utterly insufficient so far as the West was concerned, so that it was impossible for a man to bring his wife and family over to this side. If he went ashore at Vancouver for a few days and indulged in what would in most places be a very ordinary expenditure, his whole month's salary would have vanished.

"But we were promised," he said, "that we would be able to supplement our income in various ways, that certain jobs would be open to us. Yet what happens? As soon as a decent job is going, some civilian who knows nothing about the sea or a man of war, is dropped into it as a political reward. There at Esquimalt there were some nice jobs in the dock yards that could have been run by some of us without hindrance to our ordinary duties, but these were let out to men who did not know the A. B. C of naval matters."

Saskatoon's Rate 19 Mills.

Saskatoon, July 15—The city council last night decided to engage W. R. Martin of Medicine Hat to make a thorough investigation of the surrounding country for natural gas. The council passed estimates for the year amounting to $1,021,268.38, and fixed the tax rate at 19 mills.

Alberta Rifle Meet.

Calgary, July 15—The Alberta provincial rifle meet opened on the Calgary ranges this morning with a record number of entries from all parts of the province. There art an average of 150 competitors in each of the open events. This morning is devoted to the cadets' match and Mercury match for tyros.

Washington, July 15—The house judiciary committee at an early meeting today agreed to the Newlands' bill for amendment of the Ordman Act in a manner satisfactory to the railroads and their employees. Chairman Clayton was agreed to call the bill up for passage when the house meets at noon.

Master Painters Convene.

St. Catharines, Ont., July 15—Delegates from various sections of Canada are arriving for the annual convention of the Master Painters' Association which opens here today. The labor question, it is understood, will form a live subject.

KING AND QUEEN WARMLY RECEIVED

London, July 15.—The remarkable tour of the King and Queen in Lancashire came to an end yesterday. It was a record tour, the busiest of its kind ever undertaken. It began last Monday and continued daily with automobile runs, with Knowsley, Lord Derby's seat, as the centre. The King and Queen inspected the factories and cottages in the colliery district and industrial towns and received addresses and presentations innumerable. Everywhere they met with extraordinary enthusiasm. The Royal tourists reached Buckingham Palace last night. In a letter to Lord Derby, the King reviewed the tour and warmly expressed his appreciation of everything.

The Boudoir

In the boudoir, where personal taste and individuality are important factors, panels even of themselves, lend a certain charm that can be secured in no other way, and when they are made with dainty cut-out friezes and binders to match, so much in vogue at present, the effect is excellent.

FEARED REPETITION OF FLOODS OF LAST MARCH

Cloudburst in Zanesville, Ohio, District, Causes Rise in River of 14 Feet—Loss to Crops is Estimated at $500,000.

Zanesville, Ohio, July 15.—Residents of Zanesville feared a repetition of the March floods yesterday, when the heavy rains which started late Sunday night developed into a cloudburst and the rainfall of 6.45 inches, less than half an inch below the rainfall which caused the March floods

More than twenty bridges were washed away, crops were ruined throughout today's section and the damages, including those to farmers, were estimated from $200,000 to $500,000. The Muskingum river rose 14.6 feet within a period of eight hours, but last night the waters began to fall and the stage came down to five feet lower than the high water mark.

Thousands of acres in the low lands of the country are under water, while in the city fifty houses were estimated to be under several feet of water. In the flood districts people found the water approaching their homes rapidly and they moved their furniture to the upper floors.

Youthful Thieves in Moose Jaw.

Moose Jaw, July 15—A janitor in the Empress bowling alley yesterday morning captured a small boy breaking into the cash registers. He was handed over to the police and implicated two others. They confessed to seven robberies committed in various stores during the past month. Addison Lawton was apparently the leader of the gang. In court this morning they were remanded until tomorrow for sentence.

CONSTRUCTION CAR FELL DOWN AN EMBANKMENT

Cook Was Instantly Killed, and his Assistant Injured Very Seriously—Brakeman on Freight Car Fell From Roof and Fractured Skull.

Whitby, Ont., July 14—C. E. Cooper, aged 45, a brakeman on a Grand Trunk freight train, fell from the top of a car a few miles west of Whitby today and fractured his skull. He was not missed by his train crew, but a following train picked him up.

On the C. P. R. at Lynds Creek, one mile west of town, a construction camp cooking car ran off the track and tumbled down a fifty-foot embankment. The cook, a man named Dunk, of Campbellford, was instantly killed and George Miner, his assistant, was very seriously injured. Miner was badly scalded from the hips to the feet, his hands weer burned by falling upon the hot stove and he sustained a bad scalp wound. It is expected he will recover. Both dead men were about 35 years old.

D. C. Coleman Leaves for Alberta.

Winnipeg, July 15—D. C. Coleman, departed yesterday to succeed A. Price as general superintendent of the Canadian Pacific Railway at Calgary. He was presented with a diamond ring at a farewell luncheon given in his honor on Saturday by the Manitoba superintendents and other officials of the C. P. R.
